## French Air Liner Is Shot Down By Spanish Rebels

Transport Machine on Bayonne-Bilbao Service Forced Down on Basque Beach After Machine Gun Attack By Seven Insurgent Planes Described As German Built; Pilot Is Wounded

### No Passengers Reported Hurt

Associated Press  
Bilbao, May 26.—Insurgent air raiders brought down a French passenger plane today at Sopelana, nine miles northwest of here.

Pilot Gally was injured, and shortly after his arrival at Bilbao, underwent an operation for head wounds. He was reported doing well.

None of the five passengers aboard the machine were reported hurt, however.

The insurgent squadron was described as composed of German-built planes.

The plane was en route to this beleaguered capital when it was shot down. It belonged to the "Air Pyrénées," a French line, and was in shuttle service between Bayonne, France, and Bilbao.

The plane left the Biarritz airport at 10.10 a.m.

When it was near the mouth of the Nervion River, which runs from the sea to Bilbao, a squadron of seven insurgent planes attacked.

PILOT IS HIT  
Bullets whistled through the fuselage of the transport. Hit by one of them, Gally made a forced landing on the beach at Sopelana to save his passengers.

Basque officials declared the attack was made by several German-built Heinkel chasers, over government territory.

Sopelana is about five miles west of the point where the insurgent ring about Bilbao meets the coast of the Bay of Biscay.

The air liner's home port, Bayonne, reported from official Basque sources the plane had managed to land on the beach after the insurgent craft had turned machine guns on it.

## MOTOR LICENSE FIGURES JUMP

This Year 8,905 More Cars Traveling on B.C. Roads Than in 1936

At the end of April 8,905 more cars were licensed in British Columbia than there were at the same time last year, according to figures released today by the Motor Record Office.

There are now 85,070 cars registered on provincial highways, as compared with 76,165 at the same time last year. This year's total includes 67,804 passenger machines registered and 16,443 commercial machines.

These figures represented a gain of 8,861 in passenger registrations over last year when the figure was 60,943, and a 2,044 increase over last year's commercial total of 15,222.

During April this year licenses were issued for 1,236 more vehicles than during April last year. This year's total was 10,409 and last year the April figure was 9,183.

There was a gain of 732 in passenger registrations during April and 494 in commercial registrations.

## BALDWIN AT LAST MEETING

British Premier Says Farewell to Cabinet; Entertains King and Queen

London, May 26.—Prime Minister Stanley Baldwin met his cabinet for the last time today at No. 10 Downing Street, where he has presided for nearly nine years through three separate parliaments.

When the cabinet meets again next week, Rt. Hon. Neville Chamberlain will be Prime Minister of Great Britain and Mr. Baldwin will, in his own words, have "passed into the shades," probably to become an earl in recognition of his service to the Empire.

Last night he made history by entertaining the King and Queen at dinner at his official residence at No. 10, the first time a Premier has been so honored by his sovereigns in almost a quarter century.

Continuity Needed In Government Now

Pattullo Appeals to B.C. Not to "Change Lawyers in the Middle of a Case" and Jeopardize Future; Keynotes For Party on Final Week of Campaign

It does not seem reasonable that this province, enjoying as it now is, a measure of splendid prosperity, would deliberately choose to jeopardize the future, which looks bright by creating unrest, uneasiness and apprehension, which a change of administration would surely involve.

With this keynote for the government candidates throughout the province, Premier T. D. Pattullo last night in a radio address launched the 1937 provincial election campaign on its final week.

Fighting to the right at "policies of stagnation" and to the left at "impractical theories," the Premier declared:

"The sane, sound, commonsense thing to do is to do as this government is doing. We are meeting in reasonable degree, and upon a public basis, the requirements of the public as we move along and we are laying the foundation which will enable us to properly meet all maturing obligations."

### CONTINUITY NEEDED

He made his chief point that the people of British Columbia should ensure a continuity of administration at a time when important changes in Canada's political and financial set-up are in the offing.

"Since your present administration took office," he said, "I have personally attended all the Dominion-Provincial Conferences, as has the Minister of Finance, and various other ministers have been at some of them."

(Turn to page 3, Col. 1)

## Flivver Plane Goes Up—Cost of Flying Comes Down

A new type small plane, which costs only \$900 and operates on ordinary gasoline with a motorcycle engine, surprised skeptics in its first public demonstration at Hanworth airfield, near London, with a successful flight at eighty-five miles an hour. Above it is shown descending to the field for a landing. At right, Designer C. H. Latimer-Needham is shown talking over the flight with Pilot Berrington.

## Broad Questions Up At Empire Conference

### Spokane School Is Set Afire

Spokane, Wash., May 26.—The second blaze within forty-eight hours destroyed the second floor of the Logan public grade school here today at a loss estimated by Principal O. E. Heaton as high as \$150,000.

Fire Chief W. P. Payne said the fire was incendiary, and was set in three places with gasoline and paper shortly before 2.30 a.m. Monday's blaze was confined to a pile of textbooks heaped on the floor.

## FIGHT AT AUTO PLANT GATES

Workmen Beat Union Organizers at Ford's in Michigan; Strike in California

Detroit, May 26.—A group of workmen beat two high officials of the United Automobile Workers of America and chased them away this afternoon as union members began the distribution of literature at the gates of the Ford Motor Company's River Rouge plant.

Richard T. Frankenstein, directing the union's campaign to organize Ford workers, was knocked down a dozen times. His coat was torn from his back and his face was cut and bruised.

Walter Reuther, president of the union's west side local, suffered nose injuries which led to bleeding.

The other union men also were pummeled. Their names were not obtained.

The four men fled along some street car tracks, the men in working clothes in close pursuit.

The altercation started on a pedestrian overpass crossing Miller Road at the Ford plant gate No. 4.

Frankenstein, Reuther and the other two union men, who had just arrived at the plant to distribute leaflets entitled "Unionism, Not Fordism," were posing for photographers on the runway when a group of men, dressed in working clothes, rushed toward them.

### STRIKE AT CALIFORNIA

Richmond, Calif., May 26.—A strike was called at the Ford assembly plant here today and pickets were placed around the buildings by the United Automobile Workers of America.

(Turn to Page 2, Col. 7)

## Delegates Hear British Admiralty Head and Adjourn Until Tomorrow; Views Vary on Foreign Policy, Defence and League

By GEORGE HAMBLETON Canadian Press Staff Writer

London, May 26.—Imperial Conference discussions reveal broad differences of opinion. They affect foreign policy, Empire defence and the future of the League of Nations. The Italian conquest of Ethiopia also has cast a passing shadow.

From the outset of the conference Australia has urged a unified Empire foreign policy. She has taken the ground that the Dominions should be prepared to offer counsel and, if need be, reinforce that counsel with assistance.

Canada and South Africa, on the other hand, take a stand against centralization. They hold that common protection can best be secured, not by centralization, but by each Empire unit taking full responsibility for its own defence and working in harmony with other Empire units.

### COUNCIL PLAN OPPOSED

Canada is opposed to the creation in London of a council empowered to prepare common defence schemes committing the whole Commonwealth. It is opposition to any such idea which has led Canada in the past to refrain from attendance at meetings of the Imperial Defence Committee.

### LEAGUE VIEWS

Failure of League sanctions to prevent the Italian conquest of Ethiopia has occasioned much searching of heart among the Dominions. New Zealand would reform the League covenant by sharpening its teeth. Prime Minister King of Canada, it is understood, has followed in general the lines of his speech at the last League Assembly—a speech which contemplated the League as a means

(Turn to Page 2, Col. 6)

## Japan Launches Two Destroyers

Tokio, May 26.—Japan launched two new destroyers today to replace out-moded warships in her "treasure" fleet.

The Arashio was launched at Kobe and the Natsugumo at Sasebo. Both ships are 1,500-ton vessels, capable of making thirty-four knots, each armed with six 12.7-centimetre guns and eight torpedo tubes.

### RADIO MAY BE DAMAGED

Authorities said they felt the lack of a report from the Mazuruk crew might be unnecessarily alarming. It was pointed out the plane may have landed near the camp where four of the Soviet's air trail pioneers are to live for a year, but failed to report because of a damaged radio.

### FOOD AND HUT

When the three planes left Rudolf Island, 560 miles from the pole, yesterday their cargoes totaled more than eight tons, composed of supplies of food and the portable hut in which four men of the original party plan to spend a year on the ice at the pole.

Seven hours and twenty-four minutes after the takeoff from Rudolf Island, Molokoff's transport plane slid to a halt on the runway grooved into the ice by the advance party totaling thirteen men who arrived by plane last Friday.

The other ship, in the hands of A. D. Alexieff, landed later. Brief messages from the Polar outpost thus far have not explained why he failed to land at the ice floe camp.

(Turn to Page 2, Col. 6)

## Nazis Are Jailing Church Leaders

Berlin, May 26.—The Gestapo (state secret police) was disclosed tonight to have imprisoned all five members of the executive committee for church government of the Confessional Synod, which opposes Nazi domination of the German Protestant Church.

## QUEEN MOTHER HAS BIRTHDAY

London, May 26.—Prime Minister King and Hon. Vincent Massey, Canadian High Commissioner to Great Britain, together with the prime ministers and high commissioners of the other dominions, called at Marlborough House today and offered congratulations to Queen Mother Mary on her seventieth birthday.

The Queen Mother spent the day in the quiet of her home, reading thousands of messages of good wishes which poured in from all parts of the world. A number of presents also arrived.

## Deputy Fire Chief Injured

Suffering from a severe fracture of the skull, Joseph Raymond, deputy fire chief, is in critical condition in the Jubilee Hospital.

Mr. Raymond was injured when he fell while working at home. He was reported to have suffered a double fracture of the skull.

## One of Soviet Pole Planes Unreported

Whereabouts of Two Supply Machines and Original Camp Party Known, But Word Still Awaited From Pilot Mazuruk and Crew

Moscow, May 26.—Concern for the safety of Pilot I. P. Mazuruk and the crew of one of three transport planes flying food and equipment to the Soviet polar air base, was evident in Moscow today when no report had been received from them fifteen hours after the takeoff.

The crews of two of the planes reported they had landed near the pole, one piloted by V. Molokoff, finding the tiny outpost on an ice floe, and the other, piloted by A. D. Alexieff, sitting down about thirteen miles beyond the earth's northern axis and an unannounced distance from the base camp.

RADIO MAY BE DAMAGED  
Authorities said they felt the lack of a report from the Mazuruk crew might be unnecessarily alarming. It was pointed out the plane may have landed near the camp where four of the Soviet's air trail pioneers are to live for a year, but failed to report because of a damaged radio.

FOOD AND HUT  
When the three planes left Rudolf Island, 560 miles from the pole, yesterday their cargoes totaled more than eight tons, composed of supplies of food and the portable hut in which four men of the original party plan to spend a year on the ice at the pole.

Seven hours and twenty-four minutes after the takeoff from Rudolf Island, Molokoff's transport plane slid to a halt on the runway grooved into the ice by the advance party totaling thirteen men who arrived by plane last Friday.

The other ship, in the hands of A. D. Alexieff, landed later. Brief messages from the Polar outpost thus far have not explained why he failed to land at the ice floe camp.

## TRANSPORT MEN BACK AT WORK FRIDAY

Settlement of Tie-up Which Has Kept 5,000 Busses Idle in British Capital and 25,500 Drivers and Conductors Away From Posts Since May 1 Announced

Associated Press  
London, May 26.—Settlement of the strike of 25,500 London bus drivers and conductors, which has tied up 5,000 London busses since May 1, was announced tonight. The men will return to work Friday.

Announcement of the termination of the walkout, which threw London's gigantic transport system into a snarl during the congested Coronation season, came from the Ministry of Labor.

Details of the settlement were not immediately made public.

## HART TELLS OF TOLMIE DEBT

Plays Conservatives For Policies That "Led B.C. Into Chaos in 1933"

Vancouver, May 26.—A tremendous ovation both when he appeared on the platform and again on the occasion when he started his speech, and a prolonged tribute at the close of his address, Hon. John Hart, Minister of Finance, speaking at Point Grey last night in support of Hon. G. M. Weir, Stanley McKen and Robert Wilkinson, Liberal candidates, flayed leaders of the Conservative Party for supporting policies that had led this province into chaos in 1933, and dubbed the R. L. Maitland as "the minister with responsibility."

Mr. Hart attacked the misrepresentations of Dr. Frank Patterson, Conservative leader, declaring he had got his debt figures from a speech "made by Mr. Jones, who, in a moment of enthusiasm when he sought to win a nomination in Victoria, had announced the debt of the province as being \$200,000,000."

"Let us see what Mr. Jones knows about financing. On the day he left office he owed a statement on the provincial debt. Before assuming office I stated I would prove that this figure was at least \$6,000,000 short of what it should be. Three days after assuming office I was able to issue an audited statement showing the debt to be \$7,500,000 more than announced by Mr. Jones. If Mr. Jones did not know what the public debt was then, when he had access to the records, how can he know what it is now?" Mr. Hart declared, amid applause.

"Hon. Pat Maitland also was in the Tolmie administration as minister without portfolio, that is to say the minister without responsibility. The irresponsible day has rested so heavily upon his shoulders that he now forgets what the debt is. He asks you to forget his past, because his future is spotless, but perhaps I had better remind Mr. Maitland and some of his friends of some of their deeds," the minister continued.

### \$1,000,000 A MONTH

"In 1928 the net debt of the province was \$87,000,000. The net debt in 1933, after five years of Conservative administration, was \$136,000,000. What does Mr. Maitland say about that? They borrowed at the rate of \$1,000,000 a month, and their total borrowing of approximately \$60,000,000 will cost this province \$3,500,000 annually until the debts are retired. That is some of the administration in which Mr. Maitland was a member without responsibility," Mr. Hart asserted.

(Turn to Page 2, Col. 5)

The men left their vehicles just after midnight May 1 to enforce demands for a 7½-hour day, instead of eight hours, and slower schedules.

They contended they had to work under such pressure that health was endangered.

### LENTHY CONFERENCE

The settlement was reached after a long conference between representatives of the London Passenger Transport Board and the executive of the Transport and General Workers' Union.

The executive yesterday took control of the strike into its own hands after the busmen's committee had failed to reach a conclusion of the long-drawn dispute that for a time threatened to spread to the tramway and trolley-bus members of the transport union.

### COST IS GREAT

The strike was a costly one as it kept London's familiar big red busses off the streets during the time the city was jammed with hundreds of thousands of visitors from the United Kingdom and the entire world for the Coronation ceremony, May 12, and events immediately before and after that time.

The report of the court of inquiry that examined conditions surrounding the strike of bus conductors and drivers in London, issued last night, showed the court was not convinced the men's complaint concerning injury to health, through severe schedules, was proved.

It expressed the opinion a case had been made for a further immediate investigation by a properly qualified body into the charge, a main issue in the strike.

## Many New Shoes To Be Broken In

Vancouver, May 26.—Vancouver's firemen and policemen will break in approximately 1,000 pairs of new shoes this year. It was reported today following a tender received by the civic fire, police and traffic committee yesterday. Prices ranged from \$4.89 to \$6.99 per pair, all to be made in Vancouver.

## Single Relief In Ontario to End

Toronto, May 26.—Premier Hepburn announced today that starting June 1, all single unemployed in Ontario would be taken off relief rolls and compelled to find jobs. He said the government would resume its farm employment campaign and would pay transportation costs of single unemployed for farm jobs.

The Premier told a deputation of unemployed the government would not extend its present work programme, nor would it now adjust relief rates.

## Spending Shows Business Gains

Bank Cheques in Canada in January-April 12.5 Above Similar Four Months of 1936

Ottawa, May 26.—Millions of cheques stubs bear evidence of a new faith in Canadian prosperity. After tallying up the total spent through bank cheques in Canada in the first four months of 1937, the Dominion Bureau of Statistics announced today it had reached \$12,525,000,000, compared with \$11,132,000,000 in the corresponding months of last year.

"The gain of 12.5 per cent is an excellent measure of the betterment over the early months of last year," said the report.

Sharpest increase was in the Maritime Provinces, where the total of \$254,317,000 was 36 per cent higher than 1936 figures.

Quebec and Ontario were up nearly

21 per cent each with totals of \$4,156,255,000 and \$5,867,089,000.

### GAINS IN B.C.

British Columbia showed a betterment of 8.1 per cent at \$723,961,000.

The prairie provinces lost 22.8 per cent at \$1,523,702,000, due chiefly to a 35.4 per cent drop at Winnipeg.

## Five Killed In Head-on Crash

Catskill, N.Y., May 26.—At least five men were killed and two are dying after a head-on crash between a New Jersey truck and a small Massachusetts automobile near West Coxsacke early today, Lieut. Hervey A. Keator of the state police said,

## FRENCH AIR LINER SHOT DOWN BY SPANISH REBELS

(Continued from Page 1)

The liner was clearly marked "Air Pyrenees" with huge, black letters on the silver fuselage. French registry numbers were equally conspicuous on the wings.

## THREATS BY FRANCO

Gen. Francisco Franco several times has declared publicly his forces intended to shoot down the Bayonne-Bilbao air ferry on grounds it is an "aerial blockade runner," despite its French registry, ownership and crew. The French pilot had dodged raiders many times before on the Bilbao trip.

One of the passengers was a woman, Antonia Larranga, en route to Bilbao to rejoin her family at nearby Algorta.

## PASSENGER'S STORY

Said Amador Lopez, thirty-five, another of the passengers: "We saw seven fighting planes approach us, then break their formation and surround us, two at each side and three above."

"They probably wanted to force our pilot to go to San Sebastian (held by insurgents), but he dodged away skilfully."

"Then we heard the rattle of machine guns."

"Our pilot immediately began to descend."

"His controls failed to work properly and we landed with a smash."

"The wheels sank into the soft sand and the left wing snapped off."

"The attacking planes continued to machine-gun us. Bullets hammered everywhere about."

"Our woman passenger fainted. She was placed on the floor of the plane for protection."

## BAY FOR SHELTER

"As soon as we could the rest of us ran from the plane, seeking better cover from the bullets."

"Gally was bleeding from the head, but he remained in the plane with the woman until we located a farmhouse for shelter."

The passengers said the speed of the plane, a maximum of 230 miles an hour, and the skill of the pilot had saved them from serious injury or death.

Once before in the civil war a French commercial airplane had been shot down by war planes.

## INSURGENTS ADVANCE

Hendaye, Franco-Spanish frontier, May 26.—A new insurgent advance was reported today to have pushed Gen. Emilio Mola's front lines within eight miles of Bilbao.

The advance, an insurgent communiqué from the Salamanca headquarters reported, carried the northern insurgent offensive to Lema, a

eight miles southeast of the beleaguered provincial capital, and halfway between Amorebieta and Galdakao, the next objective.

The line of attack takes the insurgents' line inland from the sea into a sweeping arc extending from the Bay of Biscay south to near Ochandiano.

## RESIDENTS FLEE

Insurgents headquarters said the civil population of Lema had been evacuated before Mola's troops reached the town, most of the residents fleeing toward Bilbao.

A defending garrison, described as a force mostly of Asturian miners, was reported still holding out in fortified parts of the town.

The advance said the government vessel Le Gaspi was hit by insurgent aerial bombs in the Mediterranean and stranded on the beach at Cullera. Many crew members were reported injured.

## ROCKEFELLER FUNERAL HELD

Last Rites For Late Capitalist at Pocantico Hills, N.Y., Today

Tarrytown, N.Y., May 26.—A brief funeral service, marked by simplicity, was held today for the late John D. Rockefeller in the massive mausoleum of his Pocantico Hills estate.

The body of the ninety-seven-year-old philanthropist, who died Sunday at "The Casements," his winter home at Ormond Beach, Fla., rested on a flower-banked bier in the main hall near a great window overlooking the Hudson River to the west.

The Rockefeller family, headed by John D. Rockefeller Jr., close friends and a few long-time employees were seated in the library and dining-room on either side of the hall.

A pall of ferns spread over the casket and folded down to the floor. Across the ferns was a full-length cross of orchids, the tribute of the late financier's son.

The service lasted only half an hour. As the mourners entered the house, Archer Gibson, organist, played favorite selections of Mr. Rockefeller—Handel's "Largo," Bach's "Choral Prelude" and the "New World Symphony."

Rev. Dr. Harry Emerson Fosdick, pastor of Riverside Church, in conducting the funeral service confined himself almost solely to selections from the Scriptures.

At the conclusion of the service some 100 employees of the estate entered the mansion and filed past the casket to pay their final respects to the master of Pocantico Hills.

## ARM IS LOST BY PRISONER

Vernon Campbell, Wounded By Police in Tacoma, Suffers Amputation

Tacoma, Wash., May 26.—Vernon "Blackie" Campbell, with one of his bullet-splintered arms amputated, lay in a hospital cot today beyond immediate danger of death as Canadian and United States authorities conferred over his future.

The twenty-three-year-old Hawaiian's muscular left arm, which helped him climb down an execution chamber shaft when he escaped from the Okalla prison in Burnaby, B.C., last April 4, was severed last night in the Pierce county hospital.

Surgeons decided to amputate after examining the arm, shattered by police bullets that cut off his attempted escape after the robbing of a Seattle apartment hotel clerk of \$10.90 yesterday.

Charges discussed

En route here from Victoria was Assistant Commissioner Thomas Parsons of the British Columbia Provincial Police, who will discuss Campbell's case with state and United States federal authorities.

It was thought possible Campbell might be arrested on a federal count of transporting an expensive stolen car across the state line from Nevada. It was the Nevada car, with California license plates, that Campbell used when he made a dash for freedom yesterday. It took him successfully from pursuing Seattle police whose four bullets failed to stop him, but crashed into a hydrant in Tacoma as authorities there picked up his trail.

Campbell, while admitting his own identity, has declined to disclose the whereabouts of Gordon Parrott, companion who escaped with him in the break from Okalla last month.

Tax for new B.C. road urged

Washington, May 26.—Lacy Murrell, Washington state director of highways, proposed today Canada levy a reasonable gasoline tax to finance construction of its portion of a highway across British Columbia from Seattle to Alaska.

Murrell, in Washington for conferences with bureau of public roads officials and members of his state's congressional delegation, said he was convinced that with a reasonable gasoline tax the road would pay for itself "in seven or eight years."

The estimated cost of the project, which involved construction of 1,180 miles of new road—is \$14,000,000.

Old-timer dies

Vancouver, May 26.—A funeral service for the late Mrs. Lola Emily Harris of Lulu Island will be held Friday. Mrs. Harris died yesterday. Born in Elgin County, Ontario, she came to British Columbia forty-four years ago. She is survived by two sons, grand-children and seven great-grandchildren.

## Hundreds Hunt For Two Girls

Pelly, Sask., May 26.—Experienced bush men and hunters were being enlisted by Royal Canadian Mounted Police today to help hundreds of volunteers already scouring dense bush twenty miles north of Pelly for two lost children. The girls, Lena Shkraba, nine, and Hazel Machlan, seven, have been sought day and night since their disappearance Sunday.

## STEEL STRIKE AFFECTS 10,000

Committee Calls Walkout at Ohio Plants; Streets Barricaded

Canton, O., May 27.—The first Steel Workers' Organizing Committee strike against the huge Republic Steel Corporation threw nearly 10,000 into idleness today at seven Canton and nearby Massillon plants.

Members of the John L. Lewis group squarely had leveled their first blow against Republic for repeatedly refusing to sign a union contract with S.W.O.C. chieftains gathered at Youngstown, O., fifty miles northwest.

The Youngstown session was called as a "council of war" against Republic, employer of 65,000 workers at more than fifty plants in the United States and the second largest producer independent of the U.S. Steel Corporation, and the Youngstown Sheet Tube Co., fourth largest independent.

Both concerns have refused to sign with the S.W.O.C. to bargain for its members, and lodges of the Committee for Industrial Organization affiliate have authorized national officers to call strikes in their units.

The company, which has mines and factories extending from Minnesota to Alabama, issued a printed statement to its employees declaring the C.I.O.'s eventual objectives were the closed shop and check-off system of dues collection, by which the company deducts from the employee's pay cheque and turns the dues over to the union.

Strikers barricaded Canton streets in mass formation. S.W.O.C. local leaders claimed many workers inside the plants when the strike was voted left their night shift posts to join the pickets.

C.I.O. IS OPPOSED

At Cincinnati today Joseph P. Ryan, head of the Longshoremen's Union, went before the American Federation of Labor's executive council for action to combat the spread of the C.I.O. activity along the Atlantic coast waterfront.

William Green, A. F. of L. president, indicated he intended to fight the C.I.O. directly with rival unions in some cases.

San Francisco Greet Throgs

San Francisco, May 26.—Thousands of visitors poured into San Francisco today for the formal opening of the Golden Gate Bridge Friday. Those not staying with friends had to seek accommodations in smaller hotels and apartments, because the city's six major hotels have been closed twenty-five days by a strike.

With Fiesta week in progress the city also was threatened with a maritime labor boycott in protest against use in decorations of Nazi German flags, one of which was ripped down yesterday by unidentified men.

The group of men, bearing a long pole topped with a cutting device, tore the flag from its overhead hoist, leaving only a tattered shred fluttering over the street. They were gone when police arrived.

VOTE IS TAKEN

The Bay district council of the powerful Maritime Federation of the Pacific, shipping union group, through its district secretary, said a vote would be called on whether the organization would withdraw from celebrations dedicating the \$35,000,000 bridge.

Z. R. Brown, the federation's bay area secretary, announced the vote after a stormy meeting yesterday in the office of Mayor Angelo Rossi, who refused a committee's demands all Nazi swastika flags be removed from the gala decorated streets, in which are flying the flags of many nations.

Baby Rallies After Operation

Portland, Ore., May 26.—Doctors attending a thirteen-month-old girl held high hopes for her recovery today after they had removed her "twins" from her abdomen.

It included a partially formed skull, spine and embryonic leg bones.

Hospital attendants said the heart action and general condition of the child during the operation was good. They said the child probably would recover.

Twenty-five physicians, surgeons and medical students watched the delicate operation, which doctors said was one of the rarest in medical annals.

REORGANIZATION DELAYED

Toronto, May 26.—The reorganization plan approved by shareholders at the special general meeting April 9 will not be proceeded with at present, directors of the Robert Simpson Company Limited have announced.

The reason for the decision is a substantial group of foreign shareholders is not in favor of the proposals. The plan called for interest reduction on the preferred stock and issuance of special common shares in compensation for proposed cancellation of dividend arrears.

## SIXTEEN WILL SEE DUKE WED

Guests at Marriage of Ex-King June 3 in France Are Announced

Monts, France, May 26.—Sixteen wedding guests, several of them holding official positions, were announced today for the June 3 marriage of the Duke of Windsor and Mrs. Wallis Warfield.

The guests include Hugh Lloyd Thomas, minister plenipotentiary in the British embassy at Paris; Sir Walter Monckton, Attorney-General of the Duchy of Cornwall, and Lady Selby, wife of the British minister at Vienna.

Major E. D. Metcalfe, who will attend with Lady Alexandra Metcalfe, will be the Duke of Windsor's best man. The major is the Duke's squerry.

THIRTY INVITATIONS

Herman Rogers, who made the announcement, would not comment on the fact that of thirty invitations sent out, only sixteen acceptances were received.

Some persons close to the Chateau de Candé, where the wedding will take place, also attached significance to the fact that Lady Selby will attend without her husband, the minister to Austria. However, others pointed to the acceptance of Mr. Thomas, another diplomat.

There have been reports the British government opposed the attendance of Sir Walfoord Selby, despite the Duke of Windsor's pleadings. Sir Walfoord was one of the Duke's confidantes during his stay last winter in Austria.

The other guests:

Baron and Baroness Eugene de Rothschild, owners of Enzessfeld Castle, where the Duke stayed during the first part of his Austrian wait.

Mrs. D. Buchanan Merryman, Mrs. Warfield's aunt from Washington.

Mr. and Mrs. Charles E. Bedaux of New York, owners of the Chateau de Candé.

Mr. and Mrs. W. C. Graham; he is British consul at Nantes.

A. O. Allen of London, the Duke's solicitor.

Dudley Forwood, an squerry of the Duke.

Mr. and Mrs. Herman L. Rogers of New York.

## Vote Today In The Netherlands

Collin Moderate Democratic Ministry in Test With Dutch Nazis

Amsterdam, May 26.—The Netherlands voted today on the issue between Premier Hendrik Collin's moderate democratic government and Dutch Nazis under the leadership of Anton Afdriks Muisert.

"We do not care whether we win four or twenty-four seats," said Muisert, forty-three-year-old former member. "Nazism has penetrated the Dutch people and cannot be destroyed."

One hundred parliamentary seats were at stake.

Besides the Collin opposition, Muisert's political foes include the Catholic Party, Social Democrats, Liberals, Christian Historians and other groups. The Catholic Party with twenty-eight seats is the strongest group now in the Dutch lower House.

HART TELLS OF TOLMIE DEBT

(Continued from Page 1)

"What else did they do? They took away the liquor profits from municipalities amounting to \$1,000,000 annually. They took away the municipal share of the pari-mutuel tax amounting to \$200,000 a year. They reduced the grants to municipalities in respect to teachers' salaries and reduced their contribution to hospitals from ninety cents per day per patient to seventy cents. And they called these economies. I think the municipalities have another word for it," the minister declared amid laughter.

But that was not all. They added social service costs to the municipalities, creating a further burden upon them amounting to \$251,000. They increased the gasoline tax from three cents to seven cents a gallon. They instituted the one per cent tax on small incomes, so that Mr. Jones became known as 'one per cent Jones.' Then they added the surtax, and Mr. Jones was elevated to the position of 'high tax Jones.' You would have thought that he had run out of taxes, but some one pointed out that there was no tax on food, so he promptly added the meal tax," the minister continued, amid laughter.

Mr. Hart added, however, that this was not all that the Conservative government had done.

"When I assumed office I found there were unfinanced deficits amounting to \$7,500,000, and cheques amounting to \$1,000,000 had been issued for which there were no funds in the bank. Trust funds had been continued in office to the very last day, and our credit was destroyed," the minister stated.

Having drawn this picture, Mr. Hart quickly reviewed what the Liberal administration had done. Credit had been restored, municipalities had been relieved of social service costs, and teachers' salary grants had been increased. Cash surpluses had been placed in the place of deficits; taxes had been decreased, and the meal tax repealed. The province had shown that it would not default when it met a maturity of \$3,500,000 out of cash surpluses, and "as long as I am minister of finance, British Columbia will never default," the minister concluded.

## BROAD QUESTIONS UP AT EMPIRE CONFERENCE

(Continued from Page 1)

of conciliation and arbitration, but with sanctions toned down.

The issue over Ethiopia lies primarily between Britain and New Zealand. Despite the New Year declaration of Anglo-Italian friendship relations between the two countries have not improved. Italian radio stations broadcast anti-British propaganda to the Near East. Italian newspapers "cut" the Coronation.

QUESTION OF RECOGNITION

Foreign Secretary Eden, trying to make the best of a bad job, would recognize Italy in Ethiopia. Britain has already accorded de facto recognition of Italy's conquest. New Zealand, which has a Labor government, is unwilling to recognize the Fascist victory. South Africa takes a somewhat similar view. The decision of the Ethiopians not to send a delegation to the special League Assembly, however, has lifted the question from the urgent list.

MUNITIONS COMMITTEE

Hopes were expressed today that the new committee on munition supplies may become a permanent body—its functions, however, not to include questions of policy. Points before it will include the building of Empire arms factories in the dominions, which would be safe from air attack and would be able to supply Britain at wartime.

Measures will also be advanced to ensure that arms equipment shall, so far as possible, be interchangeable.

SIR S. HOARE SPEAKS

For an hour this morning, Sir Samuel Hoare, First Lord of the Admiralty, revealed to chief delegates to the conference the secrets of Britain's naval expansion—what she has done and what she proposes to do. The meeting then was adjourned till tomorrow, when consideration of Empire trade will begin.

NAVAL CO-OPERATION

The naval correspondent of The Daily Telegraph predicts that co-operation between the British navy and the naval forces of the Dominions will be carried a stage further as a result of the Imperial Conference discussions.

"Considerable expansion of the Australian navy is foreshadowed," The Telegraph continues. "At least one division of destroyers, together with a cruiser as fleet leader, will shortly be laid down. New cruisers are to be ordered in Britain as soon as the financial situation permits."

ONE OF SOVIET POLE PLANES UNREPORTED

(Continued from Page 1)

RADIO BEAM LACKING

Damage to the radio apparatus at the Polar base had interfered somewhat with plans to direct the arriving planes. Molokoff, Alexieff and Nazuk, all experienced Arctic fliers, had planned to follow a radio beam to safe landing. Regular radio communication from the Polar camp remained in effect, however.

The two supply craft which arrived safely had good weather throughout their flight. At one point, one of them radiated: "There are huge ice-fields below us, stretching for many miles, divided only by very narrow fissures."

PLAN TO REMAIN YEAR

The cargoes of condensed food and

## Strike at Two B.C. Gold Mines

(Continued from Page 1)

C.I.O. but had taken no official action in regard to the communications. He said he believed the men at his company's mine were "told from outside to go on strike without a ballot being taken."

NANAIMO DISCUSSION

Nanaimo, May 26.—Officials of the United Mine Workers of America, an affiliate of John L. Lewis's American Committee for Industrial Organization, said here today members of the recently-formed Nanaimo local would meet Sunday afternoon to demand recognition of the U.M.W.A. as their collective bargaining agency, increased wages and better working conditions.

The Nanaimo miners who formed their local a month ago, are employees of the Western Fuel Corporation of Canada Ltd. Efforts to gain union recognition in nearby Cumberland, B.C., for employees of Canadian Collieries (Dunsmuir) Ltd. will probably be made.

J. Stokluk, district organizer for the Lewis union, said all but one of eligible employees at Cumberland were members of the U.M.W.A. Of 1,100 employees at Nanaimo, 908 were union members, he said. Fire bosses, pit bosses and certain other officials can not join the union, according to Stokluk.

The organizer said the U.M.W.A. was "not desirous of a strike." He said he "thought" any programme adopted by the miners at Sunday's meeting would be "reasonable."

FIGHT AT AUTO PLANT GATES

(Continued from Page 1)

Frank Slaby, president of the East Bay U.A.W.A., affiliated with the Committee for Industrial Organization, announced only two votes were cast against the walkout.

He said the day crew had voted 628 in favor of the strike and the night shift 268 for quitting work.

"The Ford Company discriminated against our members for union activity, and attempted to form a company union," Slaby said.

TALKS FAILED

The union official stated efforts to settle the dispute with R. C. Harrison, superintendent of the plant, had failed.

The dispute arose, he said after a recent sit-down strike had been ended by a verbal agreement.

He claimed the company also had failed to observe seniority rights.

Homer Martin, president of the

automobile workers, visited here recently and declared "Ford would be invited to join the fold," as other automobile manufacturing companies had done.

Slaby said the strike had been authorized by Martin, and possibly would spread to all other Ford units throughout the country.

Ford recently launched a counter-attack against union organization and told his workers they would not benefit by joining such groups.

## CONTINUITY NEEDED IN GOVERNMENT NOW

(Continued from Page 1)

"We are well acquainted with the men with whom this province must deal within the next immediate period, including the Dominion Government."

"We know all that has taken place and have a complete background of the whole situation."

"Just stop to think of the disadvantageous position in which British Columbia would be placed were a new administration elected to office to handle this all important question."

"If you engaged in an important lawsuit and had half won your case, you would not dream of changing your lawyers."

"The same argument applies with double force in the important matter confronting us, namely the position of British Columbia in the Confederation of Canada."

Whatever the future held in store, said the Premier, the fact was the Liberal party, as an instrumentality to serve the public, was the only political organization equipped and efficient for the purpose.

A Conservative administration, he maintained, would result in a "fiasco."

such as occurred in the Tolmie regime. A C.C.F. government would make the province subject "to ridicule and consternation" from one end of Canada to the other.

Regarding his proposal to accept Yukon Territory as part of British Columbia, he said the advantages would far outweigh any disadvantages.

It was suggested the people of the Yukon protested. Quite likely they were apprehensive of dual provincial and Dominion taxation, but this could be taken into consideration when detailed terms were considered.

Under the proposed change and with projects now under way, he believed the Yukon "will gradually be revived and revitalized and undergo a new and continuous development."

Last year, he said, Vancouver and Victoria shipped \$2,000,000 worth of goods to the Yukon. Prince Rupert \$30,000 worth and Nanaimo \$44,000 in coal. With development, there this business could be doubled or tripled.

In the Conservative proposals to cease borrowing and cut down government spending the Premier foresaw the probable stopping of all public works.

"Will our various areas, the Lower Mainland, Vancouver Island, the

Okanagan, the Kootenays and the North, continue to develop without capital expenditures?" he asked. "Or are the people prepared to pay double taxation to provide money for capital works?"

He disputed the Conservative claim that the Tolmie government cut government costs \$9,000,000. Actually there had been a reduction, under pressure of falling revenues, of \$6,000,000 after the Tolmie administration reached a new high of \$29,000,000 in government spending. To do this cutting they took \$2,400,000 from municipalities and slashed civil servants' salaries by from 5 to 20 per cent, with a few other "odds and ends." The rest of the cuts were made by omitting sinking funds and charging relief costs to capital account.

**LONG RANGE FINANCE**  
The Premier announced that as far as the large debt maturities due in the next five years or so, his government proposed to pay some of them out of available funds (the sinking funds) and to refund others.

"Our government so rehabilitated the financial position of our province that it stands better today than it ever stood. . . . How are you going to refund maturing issues if you

do not maintain your credit; and how are you going to maintain your credit by constantly iterating impractical, confiscatory and Communist theories? How are you going to maintain your credit by the adoption of a policy of stagnation? If you haven't faith in the future of this province how can you expect anyone else to have confidence in it?" asked Mr. Pattullo.

The Premier said the Conservative proposal of Herbert Anscomb to refund the debt into consols was "bunkum." Consols, he said, were simply perpetual bonds, non-maturing. Recently a Dominion Government twelve-year refunding issue had moved slowly, and if this were the case British Columbia perpetuals could hardly find a ready market. He felt sure the Victoria member, who "shuddered" at any change in contractual relationships, was not advocating a compulsory refunding.

Asuncion, Paraguay, May 26.—Foreign Minister Juan Stellanich dispatched a message to Bolivia yesterday renewing diplomatic relations broken in 1932 on the eve of the bloody three-year Chaco war between Paraguay and Bolivia. A truce ended the war in 1935.

## NEW SALVATION ARMY LEADER

Toronto, May 26.—Appointment of Commissioner George L. Carpenter of South America as new Salvation Army territorial commander for Canada was announced in a cable received at Canadian headquarters here yesterday.

He succeeds Commissioner John McMillan, recently appointed chief of staff.

Commissioner Carpenter was formerly chief secretary in eastern Australia, where he was born and where he began his Army career, forty-five years ago. He is located at present in Buenos Aires, in charge of South American work.

Commissioner Carpenter's wife is known as author of Army biographies. She also is an Australian.

**DELEGATES ENTERTAINED**  
London, May 26.—The council of the Royal Institute of International Affairs held a reception yesterday afternoon for the Dominion prime ministers and other Imperial Conference delegates.

## GUY SHEPPARD AT LAKE HILL

Problem Is One of "Bread and Butter," Says C.C.F. Candidate

At a C.C.F. meeting in Lake Hill Community Hall last night T. Guy Sheppard, the party's candidate in Saanich, gave a vigorous address on problems confronting the workers of British Columbia.

"Your problem," he said, "is the same in provincial politics as it is in Dominion politics. It is the problem of bread and butter."

"The frenzied finance of the old line parties doesn't mean a thing to the average man whose chief anxiety is to adequately feed, clothe and shelter his family."

The candidate said if elected he would "disturb the afternoon siesta to the Legislators and give them something else to think about besides the funny papers."

Other speakers were S. Clarke and Miss Lillian Thompson, who said workers deserved better treatment. C. Woolley was chairman.

## B.C. EXPENSES ARE ATTACKED

Leslie F. Osborne Criticizes Government on Ground of Costs

Expenditures by the Liberal government came under the fire of Leslie F. Osborne, Conservative candidate in Saanich, at a meeting in Royal Oak Hall last night.

He criticized the appointment for a year of Major S. F. M. Moodie as assistant to the Premier; the cost of trying to set up health insurance, and the increase in debt when provincial revenues were rising.

"This borrowing, which the Premier tells us is necessary in a growing province, cannot go on another four years," the candidate declared. He asserted that the government had been refused loans at Ottawa so had turned to private interests for them.

Traveling expenses of the cabinet and government officials amounted to \$547,306, he said. This was ten times the amount of grants to crippled children's homes and children's aid societies.

Taking over the Yukon territory would simply add another liability to the taxpayers, Mr. Osborne asserted.

Herbert Anscomb, introduced as the "next Finance Minister," centred his attack on the finance department.

Gordon Cameron said the Liberal cabinet had been "spineless" and had only kept the election promises from which it could make political capital.

## Langford Legion Hears Liberal

C. E. Whitney-Griffiths, Liberal candidate in Esquimalt, addressed a meeting at the Canadian Legion Hall, Langford, on Tuesday night, supported by S. R. Moore, with Frank Smedley as chairman.

Mr. Griffiths classed himself a progressive Liberal. He believed in reform which had for its aim the happiness and prosperity of all the people.

Reviewing the record of the present government, he said that returned men particularly wanted to live in British Columbia because they had confidence in the government.

Mr. Griffiths mentioned that, although defeated closely in 1933, he had endeavored to give every assistance to the people of Esquimalt, believing a man who aspired to be their representative should have their interests really at heart.

C. L. Harrison gave a lantern lecture on Vancouver Island scenes, particularly of the route of the West Coast Road now under construction.

Mr. Moore touched upon the value of this road to people of Esquimalt, stating it would open up an area unrivalled for scenic beauty and would become a great tourist asset.

The requests were contained in two separate letters. The first asked the council to call a public meeting at which its members and ratepayers would discuss the affairs of the municipality. The second, asking that the council allow the use of the hall for the monthly meetings of the association, pointed out that in Victoria and a number of other places municipally-owned buildings were available for meetings dealing exclusively with municipal affairs.

Both letters were received and filed without comment.

## Take No Action On Hall Request

No action will be taken by the Esquimalt Council on two requests received at its meeting last night from the Municipal Ratepayers' Association, one for a joint public meeting and the other for the use of the municipal hall for meetings of the association.

The requests were contained in two separate letters. The first asked the council to call a public meeting at which its members and ratepayers would discuss the affairs of the municipality. The second, asking that the council allow the use of the hall for the monthly meetings of the association, pointed out that in Victoria and a number of other places municipally-owned buildings were available for meetings dealing exclusively with municipal affairs.

Both letters were received and filed without comment.

## Haig Street To Be Continued

Haig Street will be continued between Woolwich Street and Dockyard Road, the Esquimalt Council decided last night after some debate as to ways and means.

The work, which will cost approximately \$125, is being undertaken to provide access to a new house at present cut off from traffic.

Under present plans a stretch of about 125 feet will be graded and rough surfaced, to be completed later if funds allow. The work involves blasting of a large section of rock.

## Says Capitalism Is Cracking Up

Kamloops, May 26.—"People are penalized for living in British Columbia," Dr. Lyle Telford, leader of the British Columbia Co-operative Commonwealth Federation council, said here last night in the course of a campaign speech.

He discussed freight rates, cost of living, provincial debt, plight of landowners and unemployment.

The capitalistic system is cracking up, he declared, and the Socialists are just trying to face realities.

"How can people buy British Columbia products as the government asks them to when the same government tells the farmer not to grow so much?" Dr. Telford concluded.

## New Rules Made For Trailers

Visitors to Vancouver This Summer Will Face Regulations

Vancouver, May 26.—Vancouver anticipates a heavy influx of "rolling homes" during the tourist season this summer and plans to be ready for them.

The civic planning committee yesterday decided to submit to the city council a proposed by-law to regulate trailers and "house-cars."

It provides that:

1. It shall be unlawful to locate any trailer or house-car anywhere in the city except in licensed auto camps.

2. Each trailer home must be equipped with at least seventy-five square feet of space.

3. Adequate sanitary accommodation must be provided and it shall be unlawful to use sinks, basins or other conveniences unless connected with a sewer or septic tank.

4. Any persons convicted of an infraction of the by-law shall be liable to a fine not exceeding \$100 or an alternative of a jail term not exceeding two months, with or without hard labor.

## Flower Entries Close Tomorrow

Entries for the Victoria Horticultural Society's May flower show, which will be held in the A.O.F. Hall on Saturday, should be made with the secretary by tomorrow night. No entry fees are required.

The list as issued by the society has been so arranged to enable any small grower to compete. This list comprises seventy classes and is varied.

In addition to the sectional aggregate prizes, J. Naysmith has donated a special prize as a grand aggregate.

While it is expected the iris will feature the show, excellent displays of aquilegia, lupin, delphinium and other seasonal flowers will be seen. Prize lists are available at the floral stores or from the secretary, F. E. Boulter, 538 Obed Avenue, phone E 8490.

## SUGAR AGREEMENT

London, May 26.—The international sugar agreement, signed by twenty-one nations after a conference here last month, will be put into force September 1, 1937, if it has been ratified by all the signing nations by then, it was announced today. Canada did not sign the agreement.

## FARM AID IN B.C. REVIEWED

N. W. Whittaker, K.C., Tells of Government Efforts to Assist Agriculturists

The attempts of the Pattullo government to place agriculture on a sound and profitable basis were reviewed by Norman W. Whittaker, K.C., Liberal candidate in Saanich, during an address at the Women's Institute Hall, Brentwood, last night.

J. B. Clearhue, K.C., was the supporting speaker, with A. Lacoursiere as chairman.

Mr. Whittaker said that agricultural problems had been of serious concern to the 1932 Liberal convention. When the government assumed office it made a careful survey of the possible methods of dealing with them and selected producer control of regulated marketing as the most suitable to conditions in British Columbia.

The candidate maintained that this was the most democratic form of marketing control. Critics who called it autocratic or Fascist, had the wrong idea. Marketing boards were elected by majority vote of the producers themselves, who always had the opportunity of canceling the schemes. The government, he said, could not be directly blamed for actions of some local boards set up by the producers.

Mr. Whittaker said the government's proposed new trade and industry department could be of great assistance to farmers of Saanich. One of their chief problems remained the finding of markets for their produce, and it would be the function of this department to find export markets for the surpluses which the home market would not absorb.

The speaker referred to the health insurance scheme. Some plan would have to be worked out to meet the health needs of the people, he declared. Probably it would be necessary to scrap the act passed last year in favor of one more suitable. The principle, however, was quite sound.

Some plan would have to be worked out to meet the health needs of the people, he declared. Probably it would be necessary to scrap the act passed last year in favor of one more suitable. The principle, however, was quite sound.

## A Sensible Appeal

OVER THE AIR LAST NIGHT PREMIER Pattullo used the simple argument that if the people of British Columbia are thinking of their own interests they will endorse his government at the polls next Tuesday.

The Prime Minister was on sound ground when he reminded the electors of the province that it is high time to reaffirm for the benefit of the rest of Canada that he still has a united province behind him in his determination to see that British Columbia has a better deal—that equality of treatment which her entry into Confederation promised.

As Mr. Pattullo said in behalf of the citizens of the province, "it is our desire to work out new relationships which will benefit all provinces and the Dominion as a whole. This is the paramount issue. British Columbia cannot afford to elect a single individual to office who would tear down the present structure of confidence and sound credit—nullify our present favorable position and outlook for British Columbia. Nor can any single voter afford to elect men or women who have no vision, no outlook, and who propose to sit down and cease all public capital expenditures. The only way to insure British Columbia against experiments of untied leadership is to elect Liberal candidates."

Everyone who votes Liberal is voting for his and her own welfare and the upbuilding of British Columbia. Mr. Pattullo asks the people to work and vote for Liberal candidates because an increased majority will add greatly to his government's prestige in the next Dominion-provincial conference—a conference which is vital to the interests of the people of this province.

## At The Pole

WHEN PROF. OTTO SCHMIDT set his plane-borne expedition down on "the top of the world" last week, he was only placing the keystone in an arch of conquest of the Arctic by Russia that has been going on practically since the revolution. With timbered and tundra lands enough to make half-a-dozen Alaskas, with some to spare left over, Soviet Russians naturally hated to see such potentially vast sources of wealth going to waste. So they set about a systematic scientific and industrial invasion of their own Arctic empire.

Their first effort had to be in the direction of navigation of the vast Siberian coast—the Northeast Passage dreamed of since Columbus and Magellan, but never achieved as a commercial possibility. Navigation in turn demanded more exact knowledge of the coasts and waters, and the weather that ruled over the region. So U.S.S.R. scientific authorities brought about the establishment of some sixty Arctic stations along the coast and on offshore islands. At each of these stations are scientists who study air and ocean conditions, a radio operator, and one or more airplanes. The scientists gather data, which is relayed to Moscow for compilation and interpretation through the key radio station on Dickinson Island. When ships come, with a giant icebreaker leading when necessary, the planes go up, spy out the open lanes or the weak places in the ice, and radio navigational information to the ships' commanders.

Life at one of these stations is more or less like what it will be for the four hardy Sons of the Bear who are undertaking a year's residence at the Pole itself. The houses, however, are very solidly built of timber, and can afford to be more commodious than the lightweight movable shelter that will be home to the scientists living at the Pole. At some of these three-score Arctic stations they even grow vegetables—under artificial light in fur-lined cellars, with current generated by windmill power overhead. Nobody pretends that these radishes and cucumbers are economically produced. But the workers must have their vitamins and some escape, by way of salad, from living out of cans entirely.

These scientists sitting around half the rim of the Arctic ocean have been gathering meteorological information that should be of vast usefulness in the new programme of weather study by air-mass analysis. To the fruits of their labors will now be added data from the Pole itself, which should help weather scientists immensely, not in Russia alone but all over the earth.

## What Does It Want?

THE VANCOUVER DAILY PROVINCE does not like the Pattullo government. It did not like the Tolmie government. It had very little patience with the MacLean government, or the Oliver government. It simply did not know what to do about the Bennett government; and it does not seem to have made up its mind about the King government.

Not liking the Pattullo government, let it say, therefore, in plain terms: The Vancouver

Daily Province wants a government of which Dr. Frank Patterson will be the chief executive. If, however, it should not want a Conservative government, then let it say so.

The Victoria Daily Times wants the government of Premier Pattullo endorsed next Tuesday because the vital interests of the whole of the people of British Columbia will be best served by continuing in office an administration which knows its business. But when our mainland contemporary comes to public issues, it seems afraid of its own shadow. It seems to have to ponder over what to say to show that while it may have to do this or that it must do it, or think it, with the utmost circumspection.

We ask again: Does The Vancouver Daily Province want a Conservative government, or does it want the Pattullo government to continue in office? Does it want a C.C.F. government, a Social Credit government, a Reconstructionist government (whatever that may mean), or any other form of government? But for goodness sake let it make up its mind.

## Why Crucify Youth?

IT SEEMS TO BE TAKEN FOR GRANTED that the electors of the Cowichan-Newcastle riding will look after their own and the province's interests when they go to the polls next Tuesday by insuring that that fine native son of the district, Arnold Flett, heads the poll.

Mr. Flett is a grandson of John Newell Evans, a name to be conjured with when one contemplates his contribution to the development of that thriving district, but, strangely enough, one of the criticisms that has been leveled at Mr. Flett's most commendable ambition to become a member of the Legislature and serve the community in which he was born and in which he lives—and toils on the land—is that he is too young for public life. Admittedly, he has to confess that he is four years on the right side of forty, to be precise, thirty-six.

But perhaps the unique charge to be leveled against Mr. Flett is that he is "too honest." We wonder how he will bear up under this "handicap" during the last few days of the campaign. To revert, however, to Mr. Flett's youthfulness—a super-imposed tribute to his honesty—do his challengers know anything about political history? Do they know that the "Younger Pitt" was Prime Minister of Great Britain at the age of twenty-four? Do they know that Hon. Charles Dunning, that capable Minister of Finance in the government of Mr. Mackenzie King, now in Great Britain and visiting his native Leicestershire, was administering a portfolio at Regina before he had entered his thirty-second year—and Premier of that progressive province at thirty-seven? Parenthetically, Mr. Anthony Eden, Britain's Foreign Secretary, was born only three years before Mr. Flett.

So Mr. Flett is "too honest" and "too young"! If this is the best argument the Conservative party in the Cowichan-Newcastle riding can advance, all that remains to be said is that much still has to be learned by those who apparently are not able to reconcile historical records with the probity of today. Too honest and too young! What a compliment the Conservatives are paying to Liberal Mr. Flett!

## Fascist Frightfulness

WHEN WAR CORRESPONDENT George Selde was in the Spanish loyalist trenches last month he heard bullets whistle overhead, hit the ground and then explode.

"What's that?" he asked.

"Explosive bullets," his guide replied. "Mussolini's one big contribution to modern civilization."

In the World War explosive bullets were used only by aviators sent to shoot down a gas-filled observation balloon, whose occupant could save himself with a parachute.

But the Christian Mussolini found that gas and explosive bullets were fine for killing and horribly tearing apart the bodies of almost defenceless heretic blacks in Ethiopia. So today there are explosive bullets sent from Christian Italy all along the Fascist front.

Thus are the barbarous blessings of Fascist civilization extended to Spain.

## Notes

There was a rumor that Fascists in Spain were using a new poison gas, but investigation cleared them. It was garlic.

An eastern stock exchange has refused to list the stock of any corporation engaged in operating a pari-mutuel horse racing track. Sainly brokers probably fear that would be too close to gambling.

Calgary, under the Fortin plan, has gained a reduction of four mills in the tax rate, as against Victoria's one and one-half mill reduction. But even with the reduction Calgary's mill rate stands at 52, while Victoria's is 43.5.

Television is coming, Jesse Lasky, film producer, is convinced. But he does not believe people will choose to stay home for a television broadcast, rather than go to a theatre. To many, the sensation of being in a crowd satisfies a craving.

Revenue reports at Ottawa indicate that Dominion Government finances as well as general business of the country are well on the road to recovery. Federal income tax returns as of April 30 total \$75,000,000, an increase of \$17,000,000 over a year ago. Individual and company earnings are the largest since the depression began, and the estimated \$117,000,000 income tax levy on them, will set a new all-time high. Last year \$107,000,000 was collected. Such returns justify hope for a balanced budget in 1938.

## Loose Ends

By BRUCE HUTCHISON

LONDON, ENG.

## MODERN WAR

ACROSS the river, in the Old Vic, which stands like a Gibraltar of culture in a sea of Cockney pushcarts and screaming hawkers, they played "Henry V" tonight. Across these ancient boards once more swept the English armies of Agincourt, the nobles in chain mail, the bowmen, that splendid knave, Pistol, and his friends—all with a laugh and a song on their lips in the midst of war.

Outside the doors of the theatre you could see the descendants of this same race in the midst of a modern kind of war, an industrial war, the busmen's strike which has demoralized the transportation of the world's largest city. There were nobles here tonight, as in Henry's time, knights galore in opera hats and evening clothes, soldiers in uniform and modern Pistols talking Pistol's language—all the swarming millions of London out on the streets on this great night of the Cup Final. And everywhere, as in Henry's time, they took the strike with a laugh and a song on their lips.

## LARK

A STRANGER coming to town on this first night of the strike would have thought it was a cause for general rejoicing. To London, the whole thing was a tremendous mark. Let government and cabinet ministers stay up all night on this critical week-end. Let labor leaders make speeches in the park and economists predict that this was only the beginning of the industrial war. Let the buses stop and the pavements thunder with the sound of 10,000,000 footsteps. This was the night of the Cup Final, with the Coronation just a few days off and the streets already streaming with flags and bunting. London already seemed itself. The strike, making all men equal in this common emergency, only added to the fun.

The tube from Waterloo was like a family party. A lot of the lads from the North, from Preston and Sunderland, down to see their teams in the Cup Final, came roaring into the tube, with queer red-white-and-blue hats on their heads. They started to sing "I'm Dancing With Tears in My Eyes, for the Girl in My Arms Isn't You." The stout old Cockney woman who hung to the strap beside me, winked and grinned. "They've had a few," she said.

They'd had a few, but they were only merry. In a moment the whole crowded car was singing "I'm Dancing With Tears in My Eyes." A huge, lean fellow from the North, with a kewpie doll in his lapel and a bag of oranges in his arm, towered over the rest of us and, waving his hands like an orchestra leader, started "I Love You, Yes I Do," all out of tune. Everybody sang it as we lurched and swayed in the racing train, a hundred feet down under the pavements of London.

## OVER NIAGARA

AT PICCADILLY CIRCUS the huge tube station was packed solid. The three escalators had three or four people on every step, moving up and down in endless unbroken streams. But everybody was laughing and singing. I tried to find a single sulky face, but couldn't.

A hundred fellows from Preston, with their absurd red-white-and-blue hats, swarmed down one of the moving staircases. A tiny man with three huge teeth was jammed into the middle and trying to play a tune on a penny tin flute. The boys with him thundered on the tune "I'm an Old Cow Hand From the Rio Grande." They and their tune rushed down into the swimming pit below. I caught a last glimpse of a little man with the flute as he sank out of sight like a chip going over Niagara.

Piccadilly Circus seemed to hold all the people of England. Regent Street, Shaftsbury Avenue, Haymarket, Great Windmill Street, like rivers swirling into a single lake, poured their loads of humanity into the great circle above the station of Eros. It was almost as light as high noon, and, with the towering buses gone, you could see right across the Circus. Out in the middle of the swirl two young policemen stood with raised arms and instantly all the traffic stopped, an acre of bare pavement appeared as if by magic, as if Canute had made the waves subside. Then, as the policemen crooked their arms again, another wave rolled in, breaking about the feet of Eros.

## MOVING ON

BESIDE the curb a young Cockney sold oranges and bananas out of his pushcart as calmly as if he were in the square of a country village. A huge, sandy-haired policeman towered over him. "Look 'ere, when are you going to move along, eh?" "All right, guv'nor," said the peddler. "I'm movin' now. He moved slowly, stuffing bananas into a bag for a customer as he moved.

Sheltering behind a lamp post, a ragged fellow with a white beard blew on a toy bagpipes. He held a tray of them, wove a penny pipe, which he was selling without difficulty for two and six. Their squeal shrilled above the thunder of a broad grinning Irish face. "Nah then, you have a good sleep and you'll feel fine in the morning." The London bobby never gets mad.

The great wave swirling into the churning whirlpool of Piccadilly had passed its crest now and began to drain away, down into the tubes, which sucked it up and drained it off with incredible speed. A little after midnight the Circus was quiet, almost empty. London had gone home in the face of the strike, singing and laughing.

## ELASTIC WALLS IN "GAY SPOT"

By GEORGE ROSS

PARIS.

PARIS can teach gay spot proprietors a thing in the way of solving their greatest headache—how to keep the place from looking empty.

At least one bright Paris bistro—the Boeuf Sur Le Toit—has turned the trick by mechanical chicaneery instead of stooges who sit around and serve as decoys for genuine, money-spending customers. The Boeuf Sur Le Toit has elastic walls, so flexible that a highball could be bounced against them if that is the kind of diversion that gives you pleasure.

These elastic walls can be stretched or contracted from the bar with a lever, and which way they will go depends upon business. If business is good, the bartender lets out the walls and makes room. If business is terrible, as it is likely to be often in the night life field, he slides the partitions forward and gives the premises an intimate appearance.

Parisians like the idea. So does the proprietor. It relieves him, at any rate, of a boring alibi and muttering to a patron on an off-night. "I know the place is empty now, but you should have been here last night. We were packed to the rafters!"

If you would avoid being hated, never treat people so well that you can't keep it up.

You don't need training to be popular. Just move to some community that always needs a fourth at bridge.

## A MAN OF ACTION

To the Editor:—In Equimat the Liberals have a man who has done something for Vancouver Island and Victoria especially, a man who has devoted his time in a quiet way without any blare of trumpets, a practical man in every sense of the word. This man is C. E. Whitney-Griffith, one of our own, broad-minded and easy of approach, with nothing uphish in his make-up.

I wanted to bet Dr. Patterson that his party would not elect five, and he would not take me on, and this was in Vancouver on Monday.

Let's get wise to ourselves and select the Pattullo Government that has pulled us out of the Talmie hole that we found ourselves in 1933.

TOOLEY FISH.

482 Sturdee Street.

## UNSACTIONED

To the Editor:—No official sanction had been given by the B.C. Construction to the Communist party members to distribute notices of Tim Buck's meeting to the audience leaving the meeting. These people were stationed at the different exits. If permission had been given they would have been in the hall.

I heard nothing of necessarily limited power to the B.C. Construction at the C.C.F. meeting, Monday. Instead, New Zealand's and Sweden's national governments' progress and achievements were held up as examples of what is to be done by the C.C.F. under our provincial jurisdiction apparently.

ALICE COLCLOUGH.

View Royal.

## THAT PLEBISCITE

To the Editor:—In the coming election one question is submitted that should transcend all party considerations. I refer to the plebiscite on Health Insurance. Whether anyone believes in the method or not, those who believe in the principle should hesitate seriously before turning it down. It is surely in accord with Christian ethics that we should bear one another's burdens, and this is a step in that direction.

Personally, I would have preferred a measure that would include everyone in the province, irrespective of race, color or creed, to be financed by a tax on all incomes, big or little, on a percentage basis. Possibly 1 or 2 per cent added to all income tax might cover the entire cost. In any event if we believe it right that the strong should help to bear the burdens of the weak, the rich should not complain if called upon to help the suffering poor. Sooner or later they will find themselves compelled to do so.

In the meantime, the first step toward a larger measure of health insurance should receive the support of every right thinking person. To defeat it would be a blow to the principle involved that might set back the cause for many years.

JASON.

## MAJOR HARVEY AND MRS. HODGES AGAIN

To the Editor:—With further reference to the campaign that is being conducted by the lady Liberal candidate and her supporters in Victoria, I think that it is relevant to remind the women electors that votes for women were first initiated in this province by a Conservative government, led by the late Mr. Bowser. In 1916 a referendum was submitted to the electors under the Woman Suffrage Act of the session of 1916.

As a result of which the Provincial Elections Act was amended to make it lawful for women to have their names placed upon the register of voters for an electoral district and to vote at any election of members to serve in the Legislative Assembly. This movement initiated by the then Conservative government was later implemented by a Liberal government, which in doing so merely carried out the wishes of the people so that the honors are even between the parties and there is no need for either to make a virtue out of a necessity.

The women electors are more concerned in obtaining stability, security and integrity in government than they are in returning any individual member of their sex to the Legislature.

The average woman is prevented by home and family ties from taking part in public life but in every party there are intelligent women who take a rightful place in influencing the policies that are from time to time submitted to the people.

ROBERT D. HARVEY.

Cowichan Bay.

## MEN'S BALBRIGGAN SHIRTS

AND DRAWERS—short or long sleeves, knee or ankle length. Sizes 34 to 46. A garment. 49c

## TRIBUTE TO LOCAL SPORTSMEN

To the Editor:—It was the writer's intention to forward this very well justified tribute to the Bay Street A.A.C. and to the officials of the Civic Employees' Federation of Greater Victoria, regarding their very splendid handling of the British Columbia Amateur Boxing and Wrestling Championships.

The members of this club who made the trip very cordially subscribe to the statement that never before have they been the recipients of such cordiality or hospitality as that shown by all concerned with these exceptionally well-conducted bouts, both of wrestling and boxing.

Particularly do we tender our thanks to Messrs. Morton, Harris, Taylor, Bishop and Callan, and in conclusion envy Victoria in its possession of such a splendid band of sportsmen.

VAL J. ROCHE.

Secretary, Druis A.A.C. 111 Dunsmuir Street, Vancouver.

## POLITICS IN COWICHAN

To the Editor:—On the nomination of Mr. Hugh Savage, editor of The Cowichan Leader, he is reported in his paper of June 22, 1935, to have said: "My paper, by its motto is pledged to religion, liberty and law. I make no promise. But I have a platform. It is absolute honesty, absolute purity, absolute usefulness, absolute love."

Another famous slogan of the Cowichan Leader is: "What Cowichan thinks today, B.C. thinks tomorrow." In the last paragraph of his manifesto, published in his paper on the 13th instant, he states: "If you wish continuation of patronage, which means rapidly increasing debt, and higher taxes and fewer jobs, vote Liberal or Conservative. If you want Communism, Dictatorship and increased poverty, vote C.C.F."

In a leading article in the same issue, the editor has some trenchant remarks regarding the Conservative candidate who is opposing him in the coming election because he has switched to a Conservative from an independent candidate (at the last election). Surely Sir, this can hardly be wondered at seeing what an absolute nonentity an Independent is in the House from Mr. Savage's own showing in his manifesto.

Mr. Savage, supported by his paper, The Cowichan Leader, appears full of confidence that he alone could run the province to the satisfaction of all classes, if so entrusted by the people.

C. WALLICH.

Cowichan Bay.

## ANONYMOUS RADIO SPEAKER

To the Editor:—Who is the gentleman speaking on behalf of the so-called "Liberty Group" from the local radio station?

Listeners, always distrustful of such performances, might suppose this person (whose identity remains anonymous) is speaking for those powerful groups who are using every conceivable effort to frustrate health insurance in any form whatsoever. His message was far from convincing, and savored of the paid type of vicious propaganda. Offhand, one might rightly associate this speaker with a similar type of inspired propaganda emanating from the morning press.

Why not leave the matter of health insurance to the voter? It is his business. He will use his judgment and abide by the result. It is disturbing to know that Station CFCT permits anonymity to radio speakers.

It is also unusual, cowardly and reprehensible on the part of the interests sponsoring such veiled and "behind the scenes" propaganda. We suspect the origin, and shall remember this cowardly effort when dealing with the plebiscite.

It is noteworthy that you dealt with this matter editorially and deplored such unfair and unscrupulous tactics.

These politicians and propagandists representing strong mercenary interests will be well advised to tread carefully on matters relating to the public health and welfare. Less outcry and comedy, and more common sense will be appreciated by the electors.

R. N. CURRAN.

## Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "The balance of the men will be there?"

2. What is the correct pronunciation of "immersion"?

3. Which one of these words is misspelled? Colume, volume, perfume.

4. What does the word "obsess" mean?

5. What is a word beginning with ant that means "opposition in feeling"?

Answers

1. Say, "The rest of the men." 2. Pronounce last syllable shun, not shun. 3. Colume. 4. To beset or dominate. "The mystery obsessed him." 5. Antipathy.

## Parallel Thoughts

But Jesus perceived their wickedness, and said, Why tempt ye Me, ye hypocrites?—St. Matthew xxii 18.

If you cultivate piety as an end and not a means, you will become a hypocrite.—Austin O'Malley.

## Build with LUMBER..

*A Lifetime of security at amazingly little cost*

### THE PROGRESSIVE UNION PACIFIC RAILROAD

SHIP AND RIDE UNION PACIFIC

Thousands of American families are today realizing their hopes for better homes. There is nothing like lumber for solid comfort in house building. It is durable, easy to handle and inexpensive.

When the Union Pacific was under construction seventy years ago, lumber was scarce in mid-continental America. Methods of logging were tedious and wasteful. Transportation was difficult.

Today, modern methods of logging and lumber manufacture, coupled with fast, dependable railroad transportation, make the choicest lumber available in all markets of America at amazingly low prices. In a frame house of average size the cost of the lumber is only about 15% of the total construction expense—and this includes freight charges to average destinations.

Union Pacific has played a leading part in development of the lumber industry. Steadily through the years, it has bettered its schedules, improved its equipment, to facilitate fast, low cost, dependable delivery of this important commodity. It has recently added 4,500 specially designed cars to its lumber fleet. Progressive steps in pace with a progressive industry.

For better homes—at minimum cost—consult your local lumber dealer.

## CITY COUNCIL BRIEFS

Petitioners asking the city to force the Togo Dry Cleaning Plant on North Park Street to conform to the city's health by-laws and requesting that the firm's license be not renewed, will be informed the matter has been taken to the zoning board of appeal. The City Council last night decided to take that action after hearing the petition and an explanation of procedure already under way. The petitioners will be given a chance to appear before the zoning board of appeal on Thursday afternoon at 2 o'clock.

Permission was granted William McIlwaine to subdivide property on Collinson Street, subject to certain regulations, by the City Council last night.

Two old houses, one on Toronto Street and the other on Bay Street, were ordered demolished by the City Council last night on the recommendation of the lands committee.

For the first time this year, Alderman John A. Worthington, former parks chairman, and Alderman James Adam, present office holder, agreed on a parks matter at last night's council meeting. After Alderman Adam had failed in an effort to bill Alderman Worthington's cemetery department to the extent of \$25 for a junked parks department truck, he moved it be given to the cemetery board for nothing. Alderman Worthington seconded the motion. In later debate, it was revealed the cemetery group had already appropriated the machine.

Tennis courts at Hollywood Park will be placed under the Gonzales Community Association on the same basis as last year, with the city securing 75 per cent of the revenue from them. Courts at Stadacona Park were declared free.

A request from the Terminal Carriage Ltd. for a restricted parking area in front of the warehouse at 534 Yates Street, was referred to the executive of the public works committee yesterday.

Known for years as Victoria West Park, that tract of land will officially become Victoria West Park when the necessary by-law is passed by the City Council. The city solicitor suggested the area be given a definite name in a recommendation to the City Council last night. Alderman R. A. C. Dewar suggested trees be planted along one side of the park to afford some shelter from the wind.

All employees of the Kapoor Lumber Company working on the city's watershed are tagged and cannot draw their time until they turn in their tags. Mayor Andrew McGavin told the City Council last night as that body approved applications for permission to go on to the watershed by a group of employees of Kapoor.

The City Council last night approved a recommendation from the sanitary engineer suggesting the city seek permission to fill up the swamp on the north side of Johnson Street, west of the bridge, with suitable tipping material. The council also authorized the erection of a sign on the freight shed of the Black Ball Ferry Wharf.

Thanks for the good wishes extended to them during their recent meeting here and their reciprocal good wishes to the city during the celebration of its seventy-fifth anniversary were conveyed in a letter from members of the British Columbia Conference of the United Church in Canada, read at the City Council meeting last night.

The city finance committee will study the request of the Children's Aid Society for the sum of \$884.86, the sum the society states was the excess amount chargeable to the city for wards on a per capita basis, as against the lump sum payments made last year. The city has taken the stand it was making lump sum payments for 1936, D. A. Macdonald, city comptroller, informed the council.

The council last night acceded to a request from the police commission asking that tenders again be called for a new police car, with bidding firms stating the amount of allowance they were prepared to make on the department's old Rockne sedan.

Sanction for the signing of documents guaranteeing interest on a loan for the construction of the Royal Oak Burial Park crematorium was granted by the City Council last night, with Alderman James Adam in opposition. The city is guaranteeing interest on half the loan for the structure, with Sanich assuming responsibility for the interest on the other half.

Tribute to the work of G. M. Irwin, city engineer and water commissioner, during the recent convention of the Pacific Northwest section of the American Waterworks Association here, was paid last night by Alderman John A. Worthington and Mayor Andrew McGavin. Alderman Worthington gave a brief report on the sessions.

Kenny Lawson, most recent addition to the city comptroller-treasurer's office at the City Hall, was congratulated by the City Council last night on his victory in the B.C. men's amateur golf championship played at the Uplands last week-end.

A communication from the police commission, regarding telephone for members of the department, was referred to the council's special committee on wages for study.

Letters from candidates for the four Victoria seats in the provincial House, outlining their stands on the question of restoring grants to municipalities, were read at last night's council meeting. Copies of them will be forwarded to the Fraser Valley Reeves' Association, which initiated the move to have public declarations by candidates on the issue.

### "They take away BABY'S TEETHING FEVER"

SO writes Mrs. B., of North Sydney. Then a Conson mother says: "We have not lost one night's rest through teething." And Mrs. W., of Thomaburg, says: "I have found Baby's Own Tablets the best of all children's remedies for teething, summer complaint, colic and constipation."

And so the evidence pours in from thankful mothers. Speedy and effective in their work. Safe and harmless in their action. Sweet-tasting and easy to take. Contain no opiates or stupefying drugs whatever. Can be given with safety to the most delicate baby. Analyst's report with every box.

Also praised by mothers everywhere for the relief of simple fever, diarrhoea, upset stomach, irritability, simple croup, colds and other ailments. Try Baby's Own Tablets, 25 cents. Your money will be refunded if you are not satisfied with the results.

### Table Display Augments Fund

The gratifying sum of \$133 was realized from the recent very successful decorated table display held at the Empress Hotel, and will be added to the Bay Wigley Memorial Scholarship fund. Announcement to this effect was made by Miss E. M. Macrae, convener of the display, at last night's business meeting of the Victoria Business and Professional Women's Club held in the clubrooms. Miss Minnie Lawson, the president, was in the chair.

Plans were advanced for the annual dinner to be held at the Empress Hotel on Saturday, June 5, when Mr. Harrison Brown, internationally known journalist, world traveler and lecturer, will speak on the subject, "Across a World in Transition." Miss Phyllis Deaville will be the soloist. This dinner will be open to friends as well as members, and tickets may be obtained from Mrs. E. G. Maynard or Miss Livingston, and reservations should be made not later than June 1.

A regional convention will be held in the clubrooms on June 2, when a buffet supper will be served.

A letter was read from the registrar of the Y.W.C.A., enclosing a questionnaire on the status of women, which, it is hoped, will be answered by the club members and left in the clubrooms. A letter was also received from Mr. F. E. Chester regarding the formation of a Civic Theatre in Victoria.

**PARKER-GARRATT**  
Garden City United Church was the scene of a pretty wedding on Monday evening when Miss Emma, daughter of Mrs. A. Garratt and the late Mr. William B. Garratt of York-shire, England, was united in marriage to Mr. William John Parker of Kenneth Street, Saanich. Rev. W. Allan officiated and the church was beautifully decorated with spring flowers, and Miss Elsie Fryatt played the wedding music.

The bride entered on the arm of her uncle, Mr. E. Proctor of Vancouver, wearing a gown of Coronation blue crepe, ruffled, the bodice trimmed with piping of pink satin and rows of self-covered buttons and a pink satin sash. She wore a blue turban trimmed with small velvet flowers and a short veil, and carried an arm bouquet of pink carnations, sweet peas and fern. Miss Blanche Parker, the bridesmaid, was gowning in pink, and Mrs. E. G. Langridge, matron of honor, was in pale yellow, both of the attendants' gowns being of figured organdie, with lace-edged shoulder capes and rashes of chiffon velvet ribbon. They also wore coronets of velvet flowers in matching shades and silver slippers. The bride's bouquet consisted of pink anemones, while the matron of honor carried yellow and mauve flowers. Mr. George Parker, brother of the groom, was groomsmen. During the signing of the register, Mr. Harry Proctor, cousin of the bride, rendered the solo "Because," accompanied by Miss Elsie Fryatt.

A reception was held at the home of Mr. and Mrs. George Parker, Washington Avenue, when Mrs. E. Proctor, aunt of the bride, and Mrs. Parker received the guests, the former being attired in black and white figured silk, and the latter in thistle-colored floral silk crepe. Both wore corsage bouquets of carnations and sweet peas.

The bride and groom stood beneath a pink and white arch, from which was suspended a large white wedding bell, and the room was decorated with streamers and white and pink narcissi and tulips. A three-tier wedding cake with pink tapers in crystal sconces centred the table with its fluted lace cloth.

The happy couple left for a short trip up-island, the bride wearing a grey tulle suit with grey hat and matching accessories. Out-of-town guests included Mr. and Mrs. Edwin Proctor, Mr. Harry Proctor, Mrs. G. Langridge, Mr. George Langridge, Mr. and Mrs. R. Keil, all of Vancouver.

### MANUEL-EDWARDS

The marriage of Dora Kathleen, younger daughter of Mrs. Edwards, Scott Street, and the late Mr. H. C. Edwards, to Mr. Chesley Hayward Manuel, third son of Mr. and Mrs. H. Manuel of Nelson, took place Saturday evening at 8:30 o'clock, at the home of the bride's mother, Rev. J. S. Patterson officiating. The bride, who was given away by Mr. W. Campbell, wore a frock of deep blue tulle with a bolero jacket, and held a shower bouquet of opelia roses, lilies of the valley and white carnations. Miss Irene Edwards, sister of the bride, was the only attendant. Mr. Ellis Jones was best man. A small reception was held after the service.

Mr. and Mrs. Manuel will make their home in Vancouver, the bride leaving in a blue floral frock and tweed overcoat and navy blue accessories. Among the gifts was a Westminster chime mantel clock from the associates of the bride in the bazaar highway at David Spencer Ltd., where she had been cashier.

Ottawa, May 26.—Appointment of Robert M. Scott, Winnipeg, as chief of the agricultural markets information service, a new position in the markets division of the Department of Agriculture, was announced here yesterday. At present Mr. Scott is assistant agricultural editor of The Winnipeg Free Press.

### Wed at Naval Church

Mrs. John Robert Anslow, now on a honeymoon trip to Los Angeles, whose marriage took place on Saturday evening at St. Paul's Naval and Garrison Church. Mrs. Anslow was formerly Miss Agnes Fyfe.

## Society

Mrs. John Macdonald, Transit Road, Oak Bay, has returned from Vancouver where she has been visiting her mother, Mrs. D. McDougall.

Mr. Frank Stevens of Vancouver spent the holiday week-end in Victoria with his mother, Mrs. G. H. Stevens, Newport Avenue.

Mrs. H. G. Bolt, Michigan Street, has returned to her home in Victoria after spending a few days at Cobble Hill as the guest of Mrs. and Mrs. E. T. Beeson.

A number of Victorians spent the week-end in Seattle including the Misses Eileen Cullum, Kate Parker, Ruth Carey, Pat Cattroll, Gladys Baillie and Eve Lytton.

Major and Mrs. E. Hudson of Vancouver and Mrs. D. C. Robertson and Miss Phyllis Robertson of Vancouver, have returned to their homes on the mainland after spending the week-end on Vancouver Island.

Miss Betty Carmichael of San Francisco, who has been visiting in Victoria for a few weeks with her sister, Mrs. T. Rutherford, Menzies Street, will leave on Friday on her return to her home in California.

Miss Gloria Wilson returned to Vancouver yesterday to resume her studies at the Sacred Heart Academy after spending the week-end in Victoria with her parents, Mr. and Mrs. Charles E. Wilson, the Uplands.

Mrs. C. R. McNell, 1141 Oscar Street, entertained at tea on Tuesday when her guests were the members of the executive of the Emmanuel Baptist Church Mission Circle. Assisting the hostess in serving were Mrs. Marjorie and Mrs. Anstie.

Mr. and Mrs. R. A. Renwick of Prince George, who have been spending the last three weeks visiting their son-in-law and daughter, Mr. and Mrs. P. Balagno, Simcoe Street, and with Mrs. Renwick's mother, Mrs. R. B. McKicking, will leave on Sunday for their home in the north.

Mr. John D. C. McTavish, accompanied by Mr. J. S. Mitchell, left on Tuesday afternoon's boat for Seattle en route to California for a short vacation. Mr. Mitchell intends to stay in the south for several weeks longer than Mr. McTavish, who will be accompanied home by his sister, Miss Ruth McTavish.

Members of the 1937 graduating class of St. Joseph's Hospital were the guests of honor at a delightful dance held last evening in the grill room of the Empress Hotel, the affair having been arranged by St. Joseph's Alumnae. In addition to the guests of honor, a large number of the members of the medical profession and their wives attended. Supper was served from attractively arranged tables and an excellent programme of dance music was played by the orchestra.

### Girl Scouts Will Be Welcomed

Local Guides To Entertain Seattle Visitors

Plans for the entertainment of a company of Girl Scouts from Seattle, who are to visit the city on June 26, were made at the meeting of the Victoria West Local Association of Girl Guides, held in the I.O.D.E. headquarters on Tuesday. Miss Hilda Leighton, the president, was in the chair.

A satisfactory report on the recent badge examinations was given by Mrs. P. E. Corby, the badge convener. Plans were also discussed in connection with the Guide rally to be held in Beacon Hill Park on Saturday, May 29.

A series of camps were held over the May 24 week-end, the Lady Douglas company, headed by Capt. Miss L. Ryan and Lieut. Mrs. H. R. Dawson, camping at Cadboro Bay on a site kindly loaned by Mr. Beale. The Victoria West company, under the leadership of Miss M. Acland, captain, and the Edith Cavell company, headed by Miss J. Arnaud, captain, and Miss V. Field, lieutenant, camped at Deep Cove, all spending a most enjoyable time.

The Lady Douglas Guide Company and the James Bay Brownie pack will jointly hold a garden fete at 118 Menzies Street on Saturday, June 19.

**EAST VICTORIA**  
The East Victoria Local Association met last night at the home of the president, Mrs. W. Curtis Sampson, Newport Avenue. Mrs. G. Lilley, badge convener, spoke of the recent tests, and warmly thanked the examiners for their valued co-operation.

Several interesting ideas for raising funds were considered, and comprehensive reports presented by the Guides. Miss George gave a most interesting resume of the proceedings at the recent provincial conference held in Vancouver.

The next meeting of the association will be held at the home of Mrs. B. H. Tyrwhitt Drake, 1901 Belmont Avenue, on Tuesday, June 15.

At the close of the meeting the hostess served refreshments and a social half-hour was enjoyed.

### Community Club Plans Big Fete

The Equimalt Community Club will hold its annual summer sale and garden party on Wednesday, June 2, at the home of Mr. and Mrs. Mitchell-Henry, Equimalt Road, opposite Fraser Street. Under the able chairmanship of Mrs. H. Bennett, many attractions are being featured and it is hoped the affair will be well attended.

Stalls will be in charge of the following: Home-cooking, Mrs. S. Mitchell and Mrs. H. Silburn; candy, Mrs. A. Reed and Mrs. T. Norman; flowers, Mrs. H. Rooder; tea, Mrs. M. Parkes; sewing, Mrs. R. Maynard and Mrs. Petrie; house-houses, Mrs. W. Aldridge; ice cream, H. Bennetts; coconut shy, H. C. Silburn.

The club will also hold its monthly whist drive on Saturday, May 29, at the home of Mr. and Mrs. J. Norman, 1507 Lyall Street, to which all are welcome.

### Woman Health Official Coming

Ottawa, May 26.—Miss Zoe L. Puxley, O.B.E., principal officer of the division of public assistance in the British Ministry of Health, will visit Canada at the end of May to participate in the seventeenth annual meeting of the Canadian Welfare Council in Ottawa May 31. She will address a number of welfare groups in Ottawa and other centres. The Canadian Welfare Council has announced.

Miss Puxley, who occupies a responsible post in the administration of public assistance in the United Kingdom, is visiting Canada at the invitation of the Canadian Welfare Council. First woman to enter the administrative grade in the British Civil Service, Miss Puxley began her career in welfare work among girls many years ago. Later she organized district nursing work in London and played a leading part in the establishment of the Central Council for District Nursing in London, which has co-ordinated and completed the home nursing service in the metropolis.

In the evenings and in spare time she trained for other tasks, qualifying as a sanitary inspector, and when the British Health Insurance Act was passed in 1911, she was appointed a member of the London Insurance Committee. Later she was appointed manager of the Fever Hospitals' Authority for London.

During the war she was actively associated with the Red Cross. Miss Puxley's association with the ministry of health began in 1917 when she was invited to aid in the formation of the maternity and child welfare department. She was awarded the Order of the British Empire by King George V in 1927.

### ST. MARY'S A.Y.P.A.

The regular meeting of St. Mary's A.Y.P.A. will be held at St. Mary's Hall, Yale Street, tonight at 8 o'clock. All members are requested to attend. Election will be held of officers for the following year.

### Sees New Trend For Temperance

Toronto, May 26.—Encouraging trends toward temperance consciousness on a world-wide scale featured the presidential address of Mrs. P. C. Ward at the opening session of the first annual meeting of Toronto District Union, W.C.T.U.

In Japan, Mrs. Ward noted, the government proposed increased taxation of alcoholic beverages. Finland's time has gone for passing resolutions, stressing alcohol as a cause of traffic accidents; Britain's union of all temperance forces and a large parliamentary group in favor of curtailment of present liquor legislation.

"If Canada is to have wholesome laws, we must have upright legislators. The time has gone for passing resolutions. There must be persistent effort to uproot the evil of intemperance," Mrs. Ward said.

### I'M GOING TO HAVE A BABY

I'm proud... happy! And one thing is sure on baby's tender skin. The name "Cuticura." I know, is a recognized symbol of protection in family nurseries the world over. So... pure, mild, sweet Cuticura Soap is what I shall use. And for baby chafings, rashes and other external irritations, I know Cuticura Ointment and Talcum are wonderfully soothing. Soap 25c. Ointment 25c. Talcum 25c. For FREE sample, write "Cuticura", Dept. 55, 236 St. Paul St. W., Montreal.

### Dutch Hoping For Royal Birth

Amsterdam, May 26.—A public announcement regarding Crown Princess Juliana of the Netherlands, who is reported expecting a child, was believed today to be planned for July or August.

Reports that royal birth is expected have circulated since the princess ceased playing tennis four weeks ago. No official confirmation has been obtainable.

(In London this morning, The Daily Mail stated "The Dutch court is hoping for the birth of an heir-presumptive toward the end of the year.")

The princess married Prince Bernhard Zu Lippe-Biesterfeld on January 7, 1937.

### Sir F. Floud Is To Visit Victoria

Ottawa, May 26.—Sir Francis Floud, British High Commissioner in Canada, and Lady Floud left here today on a seven weeks' tour of western Canada. They will visit Winnipeg, Saskatoon, Prince Albert, Edmonton, Prince George, Prince Rupert, Vancouver, Victoria, Lake Louise, Calgary, Medicine Hat, Moose Jaw, Regina and Fort William.

Speaking engagements have been arranged for both Sir Francis and Lady Floud. They are expected to return to Ottawa July 1.

### "A Case of Nerves"

ALL women at some period of their lives need a strengthening tonic like Dr. Pierce's Favorite Prescription. The young woman who suffers from monthly pains, the expectant mother who has nausea and other disagreeable symptoms, or the middle-aged woman who experiences "heat flashes" and nervousness, should try this "Prescription." Mrs. W. Baker of Route 6, Cobourg, Ont., said: "I used Dr. Pierce's Favorite Prescription through the change of life and felt so well I will take it occasionally to keep me well and make me have a good night's rest. I find it wonderful for a case of 'nerves'." Buy now! New size, tablets 50 cts., liquid \$7.00.

### Rural Recluse Is Thrilled By Town

Charlottetown, P.E.I., May 26.—Mrs. Eliza Costain came to town yesterday

### SORE FEET

Don't hobble your comfortable NU-FEET DE-CA-BE medicated with seven effective, antiseptic and skin-softening ingredients, and keeps feet cool and comfortable. Yields, like a shoe, if your feet don't suit you, order them. The De-Ca-BE Company, Ltd. Calgary, Alberta, Canada.

for the first time in her seventy-four years, and summed up her sensations in one word, "Wonderful!"

It was one of the few times she had ever left the Mill River district, ninety-five miles from here, and her first visit to Prince Edward Island's capital.

Mrs. Costain said she had never operated an electric light switch until she arrived in Charlottetown.

Army and Navy W.A.—The general monthly meeting of the Army and Navy Veterans W.A. was held recently. A card party was arranged for Thursday evening, when bridge and court whist will be played.

### Mrs. Dionne Hugged By Quints

Surprise Visit On Eve Of Their Third Birthday

By A. E. FULFORD  
Canadian Press Staff Writer  
Callander, Ont., May 26.—Shrieking and laughing in wild enthusiasm, the Dionne quintuplets demonstrated today that all the fences money and fame have built around them failed to prevent full development of normal love for their parents.

In a surprise visit to her famous daughters two days before their third birthday, twenty-seven-year-old Elzire Dionne was almost swept off her feet by five wildly yelling babies who clung to her skirts and begged to be taken in her arms.

A short while later they bounded into the arms of Oliva Dionne in a welcome that only five gay young ladies like the quints could provide for a father. Neither visit was unusual. The Dionnes visit their children several times a week. But it was unusual that they were witnessed by outsiders.

Hundreds were in the visitors' gallery when Mrs. Dionne paid her call. When, at the gate leading into their playground, a stout dark-haired woman appeared with two tall boys and a girl just a little bigger than the quints, Emilie and Annette quit scuffling. Yvonne and Cecile abandoned their game and Marie touched only the tips of her toes to the rungs as she dropped nimbly from the five-foot climbing platform.

Yvonne yelled "Mamma!" the rest shrieked in delight and all five ran across the playground to surround their mother. Four of them hung on her skirts while she caught Yvonne under the arms and raised her high in the air to kiss her.

### Modern Etiquette

By ROBERTA LEE

1. Outside of the classroom should boys and girls rise when addressed by their teacher?
2. Should school children hold up their hands for permission to talk when another person is reciting?
3. Does it show appreciation of a good assembly programme to stamp feet and whistle?
4. Should children greet their teacher with "Hello?"
5. Is it good manners to laugh at another child's mistakes in class?

What would you say if—  
You were a boy or girl answering a teacher—

- (a) "Yes, ma'am?"
- (b) "Yes, Miss Russell?"
- (c) "Sure!"

ANSWERS  
1. Yes  
2. No  
3. N. Appreciation is shown by careful attention, and applause at the end of the programme.  
4. No. "Good morning, Miss Russell" is preferable.  
5. No. Nor in any other place.

Best "What Would You Do?" solution—(b).  
(Copyright, 1937, NEA Service Inc.)

### Prince to Wed

Cupid is playing havoc in the ranks of royalty. Another to join the ranks of those who have renounced royal rights for love is Prince Charles of Sweden, pictured in Stockholm with his fiancée, Countess Elsa von Rosen, mother of two children.

### Honeymooning in South

—Photo by Robert Fort.

Mr. and Mrs. Edward E. Riedweg, the former Miss Emilie Buro, whose marriage was solemnized at St. Andrew's Cathedral last Thursday morning. They are honeymooning in California before making their home in Victoria.

### News of Clubwomen

camp will be open to any C.G.I.T. girls and Sunday school girls, from the ages of twelve to eighteen years, and the camp fee will be \$7.

Miss Anne Fountain, B.A., Provincial Girls' Work Secretary, was a guest at the meeting.

A social hour was spent at the close of the meeting and refreshments served by the hostess.

United Presbyterian Executive.—The regular meeting of the Presbyterian executive of the W.M.S. of the United Church will be held at the home of Mrs. D. A. Girvin, Maple Bay Road, Duncan, on Friday, May 28. Cars will leave the Metropolitan Church Friday morning at 10 o'clock.

Salvation Home League.—The guest speaker at the weekly meeting for women at the Salvation Army Citadel, Broad Street, tomorrow afternoon at 2:30 o'clock, will be Rev. J. Mackie Niven. Mrs. M. Wilkinson will preside and all women are cordially invited.

Gordon Head P.T.A.—A general meeting of the Gordon Head P.T.A. will be held at the schoolhouse on Thursday, May 27, at 8 o'clock. Mr. W. P. Jeune, chairman of the Saanich School Board, will address the meeting, and Mr. John Grant will speak and show pictures. Parents and friends of the school are cordially invited to attend. Plans for the annual school picnic will also be discussed. Refreshments will be served.

T.V.A. Auxiliary.—Members of the Ladies' Auxiliary to the T.V.A. met recently at the home of the president, Mrs. D. W. Burnett, 1429 Richardson Street. Expressions of sympathy were passed to Mrs. R. V. Campbell, secretary, on the loss of her sister and brother-in-law, Mr. and Mrs. M. Menkus, also to Mrs. Fouracre on the loss of her mother. A gratifying report of the recent card party at the T.V.A. clubrooms was read. The auxiliary decided to purchase a Legion flag for the use of the men. A new member, Mrs. Peasey, was welcomed to the auxiliary. Mrs. H. E. B. Crestine acted as secretary in the absence of Mrs. Campbell. Final plans were made for the meeting to be held at the home of Mrs. W. G. Hall, Marigold, and members were asked to take the bus leaving the depot at 11:45 a.m. on June 17. At the close of the meeting tea was served by the hostess, Mrs. D. W. Burnett, assisted by Mrs. R. Duncan and Mrs. Huellin.

The regular meeting of the C.G.I.T. Leaders Council was held at the home of Mrs. A. J. Daniels, Raynor Avenue. At this meeting the Rev. Dr. W. J. Sippell completed the Bible study course on "The Bible and the Christian Religion." This course has been of great help to the leaders during the last three months and at the close expressed the appreciation of the leaders to Dr. Sippell.

Miss Lillian Parfitt, presided over the business session and Mrs. Bewell, chairman of the camp committee, announced that the C.G.I.T. Camp would be held at Gilnz Lake, Sooke, from July 2 to 10 inclusive. The

# AFRAID to Love

"Did he and Mr. Norton dine at the inn?" Sybil was surprised.

"They intended to, I believe."

"I suppose," she reflected, "that I might have asked them both to join us. But I assumed that they were staying in town."

Bob shook his head. "I wish they had," he said cryptically.

"Why?"

"Oh, we had some difficulty at the office this afternoon. . . ."

Joan tried to catch his eye, but they were seated side by side on the divan, and Sybil, opposite, was watching too closely. It was not wise, she thought, to discuss that affair too freely. Even though Sybil were Mr. Hendry's own niece.

"What happened?" Sybil asked with curiosity.

"The owner of this mine your uncle has arranged to buy," Bob went on to explain, "sent word that he'd be in town this Saturday to complete the sale. He wants his money in cash—forty thousand dollars."

"In cash?" Sybil exclaimed.

Bob nodded. "It sounds crazy, I know. But that's the way it is. Well, it takes a bit of financial juggling to get that much cash together. Mr. Hendry arranged for the sale of certain securities, to be paid for in cash, thinking the sale would go through tomorrow. Instead, however, it was made this afternoon, and about ten minutes after your uncle left, the messenger showed up with approximately forty thousand dollars in cash, to be paid over to Mr. Hendry personally."

"And you left it at the office?" Sybil asked eagerly.

"No. The messenger wanted it out of his hands as quickly as possible, but his orders were to give it to nobody but Mr. Hendry himself. So he came out here to Green Hills with it."

Sybil gasped. "Oh, you shouldn't have let him do that!" she said. She looked at Joan, as if to put the responsibility for such stupidity upon her alone.

"There was no way of preventing it," Bob explained. "The banks were closed; by that time the brokerage office was closed. And the messenger wasn't going to have that much cash on him over night. You can't blame him."

"It sounds very dangerous to me," Sybil said.

"The only danger," Joan offered, "is in having the fact known. And we took care in the office that it didn't leak out."

"But the messenger?" Sybil asked. "Suppose he tells someone?"

"He's not likely to," Bob assured her. "He's responsible—and bonded." Then, in a lighter tone, "But suppose we stop worrying about it. I've said altogether too much myself. . . . What's Philip doing with himself these days, Sybil? I haven't seen him since the first of April, and then he was sent to Seattle. . . ."

Joan's heart turned over. "He's working?" Bob inquired with interest.

"Yes. And doing well, too."

"Just what is he doing?"

"He's making some sort of a—oh, a survey. I guess you would call it."

through it. Joan felt that she could bear anything rather than see the look in his eyes when he heard it.

If only he might get on the train to Washington first.

At the moment, however, he was mildly curious.

"So Philip is in San Francisco," he remarked. "He seems to have a pretty wide territory for his survey. 'What's the gossip, Sybil?'"

Sybil laughed with delight. "Oh, I can't tell you, Bob," she said archly. "Not yet."

Joan breathed with infinite relief. Perhaps, she thought, she will make a bargain with me. A bargain wherein I shall promise to disappear in return for her silence. If she plans to do that, then she will not speak of it now. She will wait until Bob has gone. She will wait.

As the minutes slowly passed and Sybil said no more, Joan was sure that was her intention. What she could not guess was that Philip had merely phoned from his hotel in San Francisco to announce his arrival in that city, following the trail. "I'm getting warmer," he had said. "It won't be long now." And Sybil had amplified his words to amuse herself.

Finally it was ten o'clock and Bob was preparing to go, and Joan and Sybil were exchanging good night pleasantries in meaningless but adequate phrases. Even in the few minutes that she was alone with Sybil upstairs in the rose and silver boudoir, there was nothing said. Not even when Sybil glaucously retrieved the black kid gloves Joan had dropped, and their hands met—Sybil's burning and feverish, and Joan's cold and clammy as death. Whatever was in Sybil's mind, she gave no hint of it. She murmured only, to cover the confusion of the moment—"What lovely gloves, Joan! I like the petit-point trimming. . . ."

And Bob, waiting at the foot of the stairs, smiled approvingly as they came down together, that Joan and Sybil were hitting it off together so nicely.

Driving the few blocks to the inn in Bob's roadster, Joan said her silent farewell to him. The words she might have said—the words which might have expressed the depth of her love for him—she could not bring to her lips. He would understand, she told herself. In his heart he would realize why she was leaving him—why she was sacrificing their love now rather than have its fine bright flame turn to bitter ashes as they tried to live together under the shadow of the past. He would understand, and he would cherish the memory of their brief happiness.

Nothing that Sybil might tell him could tarnish that memory. Whatever the world thought of Joan Barrett, he would know that she had possessed courage and strength and honor.

Bob chatted on, all oblivious to the tumult within her, because now, after she had steeled herself to meet the first shock, she found that her actions obeyed her will more easily.

They found Mr. Hendry and Norton in the grill, chatting amiably over brandy and soda. And even with the pressure of her own tragedy overwhelming her, Joan felt a moment of concern lest the two men become a little garrulous and drop some careless remark about the money in Mr. Hendry's possession.

Norton's words, as she and Bob came upon them, gave rise to a greater foundation for her fears.

## Inaugurating Night Person-to-Person and Sunday Rates

for Long-Distance Telephone Calls effective May 21

Night rates have been extended to cover person-to-person calls for which the initial day rate is more than 50c.

Night rates apply to station-to-station calls for which the initial day rate is more than 25c.

Night rates are now in force from 7 p.m. to 4:30 a.m. on weekdays and all day on Sundays.

Rates for appointment and messenger calls have been reduced to the ordinary person-to-person rates.

### EXAMPLES OF THE RATES FOR A THREE-MINUTE CALL:

VICTORIA TO	Station-to-Station		Person-to-Person	
	Day	Night (& Sunday)	Day	Night (& Sunday)
Calgary	\$3.00	\$1.50	\$3.75	\$2.65
Duncan	.25	.25	.35	.35
Montreal	7.00	4.25	9.25	6.50
Nanaimo	.40	.25	.55	.50
Nelson	2.30	1.15	2.90	2.05
New York	7.25	4.50	9.50	6.75
Port Alberni	.75	.40	.95	.70
San Francisco	2.95	1.80	3.80	2.65
Seattle	.70	.55	1.05	.90
Toronto	6.50	4.00	8.50	6.00
Vancouver	.85	.45	1.05	.75
Winnipeg	4.00	2.25	5.00	3.25

### REPORT CHARGES

A nominal charge known as a report charge is made under certain conditions, such as on uncompleted person-to-person, appointment, messenger and collect calls if the called telephone is reached but communication is not established for reasons beyond the control of the Telephone Company.

## B. C. TELEPHONE CO.

## Sees \$50,000,000 Tourist Business

### David Leeming Tells Credit Granters of Great Possibilities

"We can have a \$50,000,000-a-year tourist business here if we want it," David Leeming told a luncheon meeting of the Victoria Credit Granters' Association in Spencer's dining-room yesterday afternoon.

"We ought to have \$50,000,000 worth of hotels to take care of the tourists," he said, pointing out that Victoria's hotels were taxed to capacity last year and there would be a tremendous increase in tourists this year.

"We can have the finest residential area of any place on this continent," Mr. Leeming said, "but we won't have it unless we get support."

Tourists found Victoria a dull place at night, he said. In order to really develop the city as a tourist center, nocturnal entertainment must be provided. It was with this idea in mind that Mr. Leeming started the Tourist Trade Development Association.

**NOT ENOUGH MONEY**

However, instead of \$40,000 asked for the merchants of the city provided only \$17,000 for this association, he said. Some of the expenditures were extravagant, he admitted, but despite economies the association had come through without ending up hopelessly in debt.

The former mayor declared that he was going to run the Show Boat this year just to prove it could be a success. Last year the Show Boat drew 150,000 people, he said. Performances would open in the middle of June.

Tourist trade was tremendous industry, Mr. Leeming pointed out. This year it would be worth between \$6,000,000 and \$7,000,000,000 on the North American continent. Was Vancouver Island getting its share? he asked.

Between the Rockies and the

Pacific Coast were 12,000,000 people and some of the finest roads in the world. Yet last year only 300,000 people visited Victoria and some of those only for an hour or two.

Mr. Leeming discussed the possibilities of extending the tourist season. He drew on the example of Blackpool, which added six weeks to its season and \$12,500,000 to the pockets of its merchants by illuminating the city and turning it into an electric jewel at night.

At present Mr. Leeming said the publicity bureau only had enough money to carry on an advertising campaign in California. If there was more money, a winter campaign which would bring another million dollars a year here.

G. A. E. Heben was in the chair. L. A. Evenden introduced Mr. Leeming.

## FRIENDLY HELP GETS \$9,000

### Financial Campaign Passes Objective By \$500, Final Reports Show

Pledged contributions \$500 in excess of the objective were shown in final reports of the Friendly Help Welfare Association's financial campaign, presented at a "mop-up" dinner meeting at the end of last week.

The figures were \$9,007.93 pledged, with \$6,487.43 already received in cash. The drive sought \$8,500 for the current work of the association and for the upkeep of the Fred Landsberg Sunshine Camp at Sooke this summer.

The canvassers were thanked for their successful work by Rev. F. Comley, president of the association.

E. W. McMullen was chairman of the campaign, and Frank Paulding, general secretary of the Y.M.C.A., directed the work.

The annual meeting of the Y.M.C.A. will be held on Friday evening in the association building at 9 o'clock.

## Youth calls to Youth!

• LET'S ALL ADMIT that we like a smart looking car with an abundance of "snap and dash". That's why De Sotos were built—to satisfy young eyes and thrill young nerves with silky power . . . to do a lot of running around on very little gas . . . and to supply luxury in abundance for those who appreciate their comfort. There are sound engineering reasons why De Soto is a "mechanical miser". One of them is the overdrive transmission. We think that the story of De Soto engineering would interest you. And we are sure that every drop of young blood in your veins will leap with delight when you ride in a new De Soto. Give yourself that treat—today. The price?—See below.

## Indian Dance in Tribal Ceremony

In the hand-woven blankets and traditional head-dresses of their people, Indian women of Cowichan participated yesterday in the Indian Pageant presented before hundreds at the Athletic Park. The fire in the foreground of the above picture was ignited by tribesmen in honor of King George VI and Queen Elizabeth.

## ASKS DELAY ON INSURANCE

City Comptroller Advises Council to Make No Change at Present

In a survey of city fire insurance, its present costs and increases to which recent rate rises on mercantile risks would boost it, D. A. Macdonald, city comptroller-treasurer, advised the City Council last night to make no change in its coverage until existing policies expired. Costs of converting the city policies, which enjoy the 10 per cent discount allowed last year as well as other benefits from a blanket system, would considerably increase charges for that service, he said.

His letter, together with one from a non-board company, asking consideration if the council made a change in policies, and one from the Fire Branch, B.C. Insurance Underwriters' Association, acknowledging receipt of the city's protest against the rate rise, were referred to the fire wardens for consideration.

Fire insurance agents were working hard on the issue and word was expected from them shortly, Mayor Andrew McGavin stated.

**MACDONALD REPORT**

Mr. Macdonald's report on the issue, in detail, follows:

"Dealing first with policies written for one year covering industrial risks; this is the only class which would be affected by the recent decision of the board to raise rates. These policies were renewed on the 9th instant, just six days before the increase was put into effect. The amount carried is \$93,000, distributed as follows:

"Board companies \$85,000 at 1.31—\$1,113.50; non-board at board rates \$6,500 at 1.31—\$85.15; Johnston Co. \$1,500 at 1.27—\$19.05; total annual premiums \$1,217.70.

"If premiums are increased as per notification from the board, the future annual premiums, commencing May 9, 1938, would be:

Board companies \$85,000 at 1.45—\$1,232.50; non-board at board rates \$6,500 at 1.45—\$95.17; Johnston and Co. \$1,500 at 1.27—\$19.05; total annual premiums \$1,346.72.

"That total represents an increase of \$119.

"If placed with Johnston and Co. or other non-board companies at Johnston's rate, the future annual premium would be \$1,181.10.

**AGAINST ACTION NOW**

"I recommend that no action be taken at this time, because of the heavy loss which would be taken by reason of the cancellation at the short term rates. I am informed that the refund of premiums for cancellation, say on June 9, would be .7883 per cent, which, in other words, would mean a cost of more than 52 cents per \$100 for one month's coverage.

In my opinion the proper time to make any change is at the expiration of the present policies.

"Turning now to the three-year insurance, the amount carried is \$870,000 which is written one-third each year so as to spread the cost over three years. The amount of the premiums is as follows:

"On policies expiring in 1938—With board companies \$278,500 at 1.31—\$3,649.15; with non-board at board rates \$5,500 at 1.31—\$72.05; with Johnston and Co. and sub agents \$,000 at 1.27—\$101.60; total \$3,795.80.

"On policies expiring May 9, 1939—With board companies \$249,000 at 1.31—\$3,261.91; with non-board at board rates \$28,000 at 1.31—\$366.80; with Johnston and Co. and sub agents \$13,000 at 1.27—\$165.10; total \$3,793.81.

"On policies expiring May 9, 1940—With board companies \$286,000 at 1.31—\$3,746.60; with non-board at board rates \$21,000 at 1.31—\$275.10; with Johnston and Co. and sub agents \$13,000 at 1.27—\$165.10; total \$3,793.80.

**WOULD EFFECT SAVING**

"If placed with Johnston and Company, or other non-board companies at Johnston's rate, future premiums would be \$3,683 per annum a reduction of about \$110 a year.

"The same remarks apply in the case of cancellation of the three-year policies as in the one-year policies. The policies expiring in 1938 expire at many different dates during the year, making it difficult to calculate the exact cost in the event of cancellation now, but the cost would be quite heavy."

"Who apportioned the insurance?" Alderman Ed Williams asked, noting little had been given to the non-board companies.

Russell Ker had done the work, Mr. Macdonald replied. It had been

## CLUB ADOPTS NEW T.B. AIM

Kiwanians Will Go Ahead With Formation of Rehabilitation Group

The Kiwanis Club of Victoria will go forward with a new tuberculosis objective—that of financing an organization for the rehabilitation of convalescent T.B. patients.

The decision was reached after debate at a closed supper meeting in Spencer's dining-room yesterday evening. The plan was submitted by the club's T.B. seal committee, which will continue to raise funds for the new objective as it did in the past for clinical work.

Known as the Victoria Tuberculosis Rehabilitation Association, the new body will provide work for convalescents and also train men previously engaged in strenuous occupations for work more suited to their powers.

The association will be operated in conjunction with the clinic recently started here by the provincial government. It was the formation of this clinic which made the club's former T.B. work superfluous.

The club's present committee, headed by Charles W. Pangman, was instructed to go forward with the organization work. Walter M. Walker, president of the club, was in the chair at the meeting.

## WOULD SEEK SPECIAL AID

Conservative Says City Loses on Provincial Property Acquired Here

Claiming Victoria should receive some compensation for its services to Crown property, Alderman D. J. Hunter pointed out at George Jay School last night that purchase by the province of a site on Church Hill, presumably for a new court house cut \$1,200 a year in taxes from the revenues of the city, and that fire and police services must still be supplied.

Dr. Hunter, who spoke with Herbert Anscomb, F. A. Willis and H. D. Harvey, president of the Victoria Conservative Association, criticized purchase of the site for \$45,000 when the province already held excess property in other parts of the city.

He said his search of the land registry office and correspondence in the City Hall had uncovered proof that the government had bought the site. Less than \$1,500 in special aid was given to Victoria, when burdens on account of provincial actions were up \$329,000 yearly.

"Ottawa," he said, "gets special consideration from the Dominion Government for its services, and Victoria should be treated similarly."

Mr. Anscomb challenged as misleading statements made in Liberal advertisements in newspapers of the province. Quoting one advertisement as saying "Ordinary expenditures of \$88,855,262 have been met out of current revenue," he claimed that millions of dollars which should have been taken from current revenue were not.

He pointed out the Liberal government claimed to have reduced debts \$5,858,662, but that no mention was made of creation of approximately \$20,000,000 in new debts.

The province was faced by a debt of \$100,000,000 coming due in 1941, he said. At least half the debt of the province would have to be made into permanent debt, and instead of cash redemption of securities, non-redeemable securities would have to be issued, wiping out the sinking funds.

Mr. Anscomb criticized the failure of the Liberal government to sell Workmen's Compensation Board securities worth \$1,200,000, part of which the Alberta government repudiated. The loss to the board was \$25,000 a year, he claimed.

Mr. Harvey attacked "the cowardice of the government in putting the health insurance principle before the people at the time of election," saying a referendum was a sign of lack of confidence, and only a political method of "passing the buck."

F. A. Willis, said if the Conservative party were elected and reduced the debt of the province so that \$8,000,000 a year was no longer paid in interest, the sum might pay for highways or pensions. The primary aim of the government was to have a happy people, without a mortgage on the backs of their children.

A. W. Ziegler was chairman.

## SAYS SPENDING IS NECESSARY

Ald. W. T. Straith Defends Government Policy at Burnside Meeting

"We are not asking for re-election on saving but on spending when necessary," said Alderman W. T. Straith in speaking to a Liberal campaign meeting in the Burnside School yesterday evening.

Mr. Straith was replying to the Conservative watchword, "We must not borrow."

There had been no reckless expenditures under the Liberal government, he said. The West Coast Road

was merely Victoria's share of the million dollars which the government had allotted for capital expenditure.

In twenty-two months the whole of the \$100,000 which was going to be spent on the rough grading of the road would be paid back by J. O. Cameron in stumpage and he only represented one logging interest.

"That is what I call prudent expenditure," Mr. Straith said.

## MALAHAT DRIVE

The Liberal candidate saw the improvement of the Malahat Drive as another example of prudent expenditure. The tourist traffic was worth \$2,820,000 to Victoria last year and the only way to keep this traffic was to provide good roads.

Mr. Straith defended the government's treatment of the single unemployed men. There had been a suggestion that owing to the Dominion closing down the semi-military camps, the city had been faced with an undue burden due to these unemployed young men being thrown on its hands.

Twenty-one men returned to Victoria, Mr. Straith said, when the camps were broken up. These men were all offered jobs by the province at thirty cents an hour for an eight hour day in forestry camps, which not only provided them with a decent living but were training grounds.

The \$10,300 a year which the city spent on unemployed single men was not for young men at all, Mr. Straith said. It was for men whose average age was over fifty and for whom the city had always had to pay.

## CUT RELIEF BURDEN

The government had also relieved the municipalities of \$520,000 when it cut the burden of the unemployed from 33 1-3 per cent to 20 per cent, Mr. Straith said. The special session of the last Legislature was for the purpose of taking over the burden of certain social services from the municipalities, he declared.

The Liberal candidate said the Conservatives had not awakened to the necessity of social reforms. He saw

the weakened condition of the C.C.F. as due to the fact that the Liberals had carried out all their plans for the betterment of working conditions.

Economic authorities agreed that in the development of a modern government it was impossible to do without some organizational body, F. W. Davey said in replying to the Conservative criticism of the Economic Council. He found the Conservative stand somewhat inconsistent when their own leader had declared in Nanaimo that he would appoint a commission to investigate the coal mining industry.

C. H. O'Halloran, Liberal campaign manager, said that the petroleum commission had reduced the price of gasoline five cents a gallon and effected a saving of \$2,500,000 a year to the motorists of British Columbia. "If the petroleum commission council had earned half as much as Dr. Patterson earned, we should all take some of Dr. Patterson's pills," Mr. O'Halloran said.

Mrs. A. C. Ross was in the chair.

## NOT JOINING WITH PRAIRIES

The invitation of Solon Low, Provincial Treasurer of Alberta, for British Columbia to send representatives to a conference of western provinces to discuss a joint presentation to the national taxation commission will be declined by the provincial government, Premier Pattullo said yesterday.

British Columbia will present its own case to the commission, standing on its own claims, but will approach the matter with a sense of co-operation seeking the best solution for Canada as a whole, the Premier said. Treasurer Low of Alberta suggested, in a letter to the Premier, that the

western provinces get together in Alberta about May 28 to consider joint arguments, and to hire an expert economist to assist in preparation of their case.

Pointing out, as well, that his government could not very well attend on May 28 in the middle of an election campaign, Premier Pattullo said:

"The case of the prairie provinces is not on all fours with that of British Columbia. We do not propose to participate in joint submissions. As I have said before Canada today has five economic units, each with its own problems. They are the Maritimes, Quebec, Ontario, the prairies and British Columbia. In the coming discussions each must protect itself, at the same time keeping an attitude of co-operation so that the Dominion as a whole, and the provinces, may be placed on a better basis within their respective jurisdictions."

"It is not a matter for antagonism, but of seeking the best method of solution. I regard it as the most important question before us today."

## Letters To The Editor

### ENGLISHMAN REPLIES WITH ALLITERATION

To the Editor:—May I be permitted to reply to those taking violent exception to certain references made in my letter of April 12. (One challenging and provocative gentleman in particular seems to have felt remarkably secure in his choice of sparring distance.) They should consider and, if possible, adopt the following civilizing truism as a motto: Pugnacious patriotism paralyzes progress, penalizes peoples and press—and punishes posterity.

JAY COWAN.  
110 Coronation Avenue, Stoke, Newington, London, Eng.

### DOG POISONING

To the Editor:—Through the columns of your widely-read paper, I would like to call the attention of the S.P.C.A. to the senseless and inhuman practice of mixing meat scraps with earwig poison, the meat being a certain attraction for dogs and cats. Every season the dog veterinarians are called upon to treat cases of poisoning from this source, and while large dogs may recover with proper and early treatment, the smaller ones almost invariably succumb, and anyone who has seen a little pet dying a slow painful death from this cause, must, unless utterly devoid of feeling, feel the greatest sorrow at the sight. Why this meat theory was ever advanced is difficult to comprehend. Earwigs are vegetable feeders, not carnivores, and vegetable pulps are the proper vehicles for mixing the bait.

Whoever is responsible for the meat mixture should have his hands examined by an alienist, or else be made to take a dose of his own mixture. In any case, it is quite easy to have covers made, either of wood or of wire netting to place over the baits so that animals cannot get at them.

Falling everything else, the Poison Act should be invoked, and all people prosecuted for putting out poison in any but well-enclosed areas with notices posted, for the sake of the unsuspecting little dogs.

WALTER B. ANDERSON.  
1225 Roslyn Road.

### WOMEN AND BACHELORS

To the Editor:—C. R. W.'s letter explaining the why and wherefore of bachelorhood, seems to place too much importance on the abuse of female power and less on the economic reason.

One gathers from his argument that if women were placed behind the kitchen sink where they should pay less attention to the economic and social problems of the day, society as a whole would benefit thereby.

To quote Dr. Wilmer: "The family life, the home, are most ideal, practically no separations or divorces; morals are most austere, crime is an accident, the biological laws governing heredity of genius are most pronounced and population increases both in quantity and quality" when society is under the rule of a patriarchy. It all sounds very wonderful but can Dr. Wilmer point to at least one such society today?

Can Germany, Italy, China or Japan, to cite a few places where patriarchy is prevalent, be called the ideal states for marriages?

Are married couples happier there than they are in this country, where feminism is said to be more assertive? I believe an affirmative answer to this question is taking things for granted, since in those countries the woman has no other alternative.

Bachelorhood undoubtedly can result from fear of henpecking, but that, to my way of thinking, is just one phase of the numerous reasons for misogyny.

History has shown that intolerance to women has been concomitant with backward civilizations. Women should not entirely devote their lives to rearing children.

They should also participate in industrial and political activities on an equality basis with men, and in this manner share and probe the problems of mankind. For there is no reason why they should not use their brains for the common good and be vital and contributing members of society.

L. C.

### WICKED ADVICE ON CHILD-UPBRINGING

To the Editor:—Magistrate Hall was recently quoted as saying that Hitler, Stalin and Hitler, whether their attitude is correct or not, at any rate instill discipline and an ideal into youth, and that this aspect of dictatorship presents a challenge to democracy. That dictators' discipline is self-discipline, and the ideal teaches youth to think beyond themselves.

You have allowed me to warn that for the last twenty years the country has been flooded with a false and wicked advice on child-upbringing, and that as home-discipline is basis for future law-abidance, they have been utilizing every resource of psychology, to generate lawlessness from the cradle. Its purpose is to discredit democracy so that Fascism will be welcomed as a relief.

Thus a lecturer (Fascist Columbia University) recently told a group of more than 100 psychologists that "children must no longer respect their parents." This sort of statement is repeated a thousand times over in a large amount of published material I have collected in the last fifteen years—prompted thereto, I suppose, by indignation, the political nature of this sabotage being apparent from the start. Neither is this the first attempt, in history, to overcome democracy by spreading lawlessness.

In this work the psychologists and associates work openly, also they work secretly, using a method little suspected by the public, at the same time blandly announcing that it is the parents' fault that prisons overflow with young people, occasionally blaming the depression, by way of variation.

As for Fascist castor-oil, "self-discipline" and idealism, it is the self-discipline and idealism of robots, who brutally stole Ethiopia.

GLADYS SHRAPNEL.  
1578 Olive Drive.

### ANTIQUITIES OF THE JEWS

To the Editor:—After reading a letter from Mr. G. Holdcroft, let me advise him to look up the antiquities of the Jews, written by Flavius Josephus, an ancient Jewish historian scholar.

HAROLD HESKIN.  
617 Yates Street.

### OUTSIDE DOGS

To the Editor:—Dogs from Seattle—the area quarantined for rabies—were allowed into the Dog Show last Saturday. This seems to me to be very lax, as our island is fairly free from dog diseases. What has our Government Veterinary to say, or the local S.P.C.A.? Something should be done.

F. THOMAS.  
Glenora, R.R. 1.

### DECORATION SUGGESTION

To the Editor:—I note with interest that the hydrants throughout the city and Oak Bay are being repainted in a variety of colors. Some are being painted orange, some red and orange and others red and white, while one, at the corner of Elgin Street and Oak Bay Avenue, has just been decorated in red, white and yellow.

Would it not have been a fitting gesture, sir, as this is Coronation year, for the municipalities to have painted the fire-plugs red, white and blue?

A LOYAL CANADIAN.

### LYNCHING JUSTIFIED?

To the Editor:—Mr. Robert Jolly has apparently got a very one-sided view of the lynching affairs in the States. Cases have been cited where the so-called "innocent" negroes have murdered white men and assaulted white girls. Surely Mr. Robert Jolly cannot condone these things and call those negroes innocent. Let us have the whole truth and nothing but the truth. Democracy demands this in "our fair country."

FAIRPLAY.  
Saatchichon.

### MAN'S FOLLY BARS UTOPIA

To the Editor:—Four years ago it would have seemed incredible that just three weeks before a provincial election, a leading article under the above caption should appear The Victoria Daily Times. May I quote its concluding paragraph: "All we can say about such a state of affairs is that it does not come within a thousand miles of making sense. Dr. Carrel is right in saying that science enables us to make the world into a fairer and happier place. But are we ever going to rise above our own boneheadedness and start doing it?"

And again—four years ago one would have been pop-eyed at the idea of reading today, in a booklet—sponsored by a Corporation—prepared by the Department of Education, Victoria, B.C., and given to all school children in the province, this, its concluding paragraph: "This commonwealth of mankind is not yet a reality, though it has been dreamed of by the wise men of all time. Through a happy harmonizing of national patriotism and international goodwill, citizens the world over could help to make this magnificent dream come true."

These sentiments have pervaded the C.C.F. movement since its inception, and incidentally, coincide with the teaching and preaching of the Christian Church.

As your article so pertinently asks: "Are we ever going to rise above our own boneheadedness and start doing it?"

GEORFFREY LE GALLAIS.  
"Robinhurst," Cranmore Road, Oak Bay, B.C.

### CAPITALISM

To the Editor:—A correspondent who signs himself "Imprimatur," replying to my letter on "the regulation of wages," speaks of the "despised Karl Marx." If he means to infer that I despise Karl Marx he is quite mistaken. I respect the memory of Karl Marx because I believe he had no selfish object in view, but wrote for the good of mankind according to his lights. To agree with his views, however, is quite a different matter.

The memory of Henry George is also entitled to respect; with the ability to make a personal fortune he chose the profitless path of advocating with voice and pen the rights of downtrodden and disinherited humanity. For more than half a century his economic laws have withstood all criticism. While riches would have flowed into the coffers of anyone who could find a flaw in George's premises or the logic of his deductions, nothing beyond misconceptions or quibbling has resulted.

The man who would belittle Henry George belittles himself infinitely more.

"Imprimatur" speaks of 'capitalism' as some sinister entity; something that labor should fight to the death. He is quite wrong. Strictly speaking there is no such thing as capitalism. In attacking capitalism he is simply tilting at windmills.

Capital is the child, ally and assistant of labor. It is privilege that our friend should fight. Abolish privilege, eliminate the dog-in-the-manger that stands between working men and natural opportunities and they would be quite independent of capital. They could ignore the capital of the present day and reproduce abundance of it in short order.

What there is such urgent need for is sane thinking. It is rather to see men beating the air and clawing at a figment of their own imagination.

ALEXANDER HAMILTON.  
1040 Fairfield Road.

### ADVICE AMID THESE CRISES

To the Editor:—Our astrophysical scientist friends are just now calling attention to the appearance, in considerable numbers, of huge sunspots, with corresponding discharge of tremendous electro-magnetic forces.

These waves of electrical force will be felt by all celestial bodies within the sphere of influence of the waves, as will, of course, all things animate and inanimate on these bodies.

It has been discovered that the human body is electric and that the brain is governed by, as well as gives out, electrical discharges.

The scientists say that in 1929,

similar—though not so large—sunspots occurred, and when we consider how the financial panic occurred in the fall of that year it is but reasonable to look for even greater disturbances amongst mankind this year. Does not the feverish race in armaments, with corresponding fear of war, fit in the picture?

It would be wisdom, therefore, for each of us to keep our body up to par, for a sound mind cannot operate perfectly in a weak body, and a rundown condition produces generally a negative inferiority complex.

When we are in a healthy, normal condition, the electrical forces of the universe pass through our system to ground. If we can so express it, but if resistance is set up, then we suffer accordingly, even to the extent of a complete nervous collapse.

Right now there are a lot of economic and religious extremists, particularly the latter, who being fearful themselves of what they deem the wrath of God, and expecting the ending of this world to soon occur, seek to imbue others with that fear.

The sane, normal person is not influenced by these fanatics, for he knows that all celestial and mundane phenomena is part of evolutionary progress and whatever effect it has on man is governed by the attitude of man himself.

We could not do better amid all these crises than take the advice of the seer of old who said "The strong man armed, keepeth his goods in peace," which being interpreted means, "he who guards his thoughts, keeps his mind calm and serene."

"WAYFARER."  
Empress Avenue.

### TO BLOWTROUGH LYNCHERS

To the Editor:—Your sentiments along with those of the gentleman from Texas, whose letter you printed the other evening, seem rather harsh towards those dear blowtrough lynchers. I sometimes have daydreams at night. May I here submit a kindly little ode to the dear fellows?

You incarnate fiends, more loathsome than a crawling maggot. Who crucified those boys with your gasoline fagot.

I wish to tell you what I dreamed last night of coming pleasures. That shall be your plight—Your teeth fell out, blind, and gangrenous.

Sets in, where your eardrums should have been. Your arms fell off—and as more curses fell Your rotten souls went screaming off to Hell!

BUCK O'NEILL.

### CHINESE REPLY

To the Editor:—Your correspondent, Mr. Cooper of Lake Hill, through his letter, entertained a very unnecessary attitude towards the Chinese, and expressed very unpleasant remarks about them. I regret to find such bitter attitude manifested among the people of a Christian society.

The law does well to punish any "Chinaman" and others of misconduct in the land. But it is unjust for your correspondent to so contemptibly condemn the honor and respect of the Chinese through, perhaps, the unfortunate faults of some individuals. We all know that the fruits of one tree are not all alike in sweetness; so, neither are men alike in perfection. The Chinese have faults as well as any other of their earthly brothers. All races have their gentlemen and "small men."

Why prejudices against the Chinese? I am not so concerned about the issue of Oriental franchise as your correspondent is. To the question, which of late has been the theme of so much dry and wasteful controversy, my Chinese sense echoes the sentiment after the fashion of my long-experienced forefathers: Who-ever be king, you have to pay taxes anyway. Yet as a Canadian born I cannot reconcile the situation . . . as matter prevail . . . of not being recognized as a citizen of this country.

LIM U. YOUNG.  
Deep Cove.

### WANTS SOME COURAGE SHOWN

To the Editor:—At St. Mark's Hall, Saanich, Mr. Osborn, Conservative candidate, told us he was a man with the courage of his convictions, and that when he comes to sit in the government chairs at next session of our House he will fearlessly exercise his privilege of independent thinking and speaking on every question as it comes up. We do get a lot of that kind of dope prior to election day. But will not some of these brave fellows show their courage by saying right now what are their views on some of the live issues of the day: by being something more than mere rubber stamps to endorse the printed party programme put into their hands by the party whip? For, though the Oriental vote is a live issue, and a part of "The White Man's Burden," yet neither Liberal nor Conservative nor any of the fancy fandango non-party sects, social or political, will touch it with a ten-foot pole.

Or shall we praise Mr. Woodworth, the C.C.F. leader, who did go the length of moving to Ottawa, that either the Oriental be given citizenship and a vote, as is the right of every Canadian whether born in Canada, England, Russia, India, China, or Japan, or be forthwith sent back to the land where he, or she, or it, first saw the light. Some say Canada will "see the light" on this question, which is not at all one of sentiment, but of simple justice.

F. W. L. MOORE, Lt.-Col. (R.L.).  
3249 Quadra Street.

### BAPTISTS NOT LIKE THAT

To the Editor:—A southern states, a few days ago, by implications, inferred that most of the lynchings in the south were perpetrated by those of the Baptist faith. I hardly would suggest that any one creed is responsible for this crime. However, I might inform your readers that Louisiana, a state divided into parishes instead of counties, where dual language and dual allegiance is manifest, a state which was an easy prey to the demagoguery of Huey Long, has always held an enviable record in this respect, if the total annual number of lynchings are the basis of comparison.

There is nothing in the creed of Baptists that countenances murder in any fashion, whether it be to enforce any dictated type of thought or conscience, or to establish the tenets of any creed in any territory. Their battle for Christ and his teachings in all their true humility has been carried on by preaching of the Gospel according to their creed.

It is worthy of note that this correspondent did not suggest that the Italian murderers of Ethiopians were Baptists, and I might ask also what percentage of condemned gangsters and murderers ask for a Baptist minister to accompany them to the gallows? The Baptists, both in Canada and the United States, are among the most law abiding and God-fearing people and their support can always be depended upon for the maintenance of law and order, the advancement of morals, whether it be battling for temperance or clean government, and can always be counted on to support the institutions of the country under which they live—the

There is nothing in the creed of Baptists that countenances murder in any fashion, whether it be to enforce any dictated type of thought or conscience, or to establish the tenets of any creed in any territory. Their battle for Christ and his teachings in all their true humility has been carried on by preaching of the Gospel according to their creed.

It is worthy of note that this correspondent did not suggest that the Italian murderers of Ethiopians were Baptists, and I might ask also what percentage of condemned gangsters and murderers ask for a Baptist minister to accompany them to the gallows? The Baptists, both in Canada and the United States, are among the most law abiding and God-fearing people and their support can always be depended upon for the maintenance of law and order, the advancement of morals, whether it be battling for temperance or clean government, and can always be counted on to support the institutions of the country under which they live—the

national language, the national flag, the national public schools. You never heard of a Baptist being a member of Hamman Hall or any other shady organization.

"VISITOR."

From Oakland, Cal.

STANDS UP FOR DUKE

To the Editor:—I should like to protest against your editorial on the Duke of Windsor in Tuesday's paper. The British have always been supposed to be sporting and it seems to me very poor sportsmanship to strike a fellow when he is down. Why not let bygones be bygones? A little more tolerance and kindness, an attempt to understand the other person's point of view, would make the world a happier place in which to live.

We have a splendid King and Queen, God bless them, and we are grateful. They why make invidious comparisons. As Shakespeare says, "Comparisons are odorous."

A READER AND SUBSCRIBER.

for attending to wounds. Upon my arrival at the scene of operation, the superintendent was informed by me that first aid equipment was urgent. But I did not receive it.

One morning a hook tender received a bad shaking up by a broken cable, which seems to be a common occurrence in that area, due, of course, to faulty rigging. The first aid kit was far from being complete, and the stretcher had to be lashed with a piece of wire before the patient could be removed.

The logging crews work some days for ten hours, and also on Sundays. When at work the men are very tired, and upon arrival at the camp would shortly retire for the night.

The writer does not desire to be troublesome—only to try and place before the public the ever-present and unhealed danger to the logger. Surely something can be done, and the writer agrees to stand ready at all times to answer any statement made by him as absolutely true. In the meantime, the problem has been

taken up with the Workmen's Compensation Board and the Department of Labor.

A PARK EYESORE

To the Editor:—As a taxpayer I would like to point out an eyesore at Beacon Hill Park at Douglas and Battery Streets. It is a three-corner piece of the park, and if the men who are responsible cannot do better than cover the ground with grass seed in hot weather and leave it in bad shape, they had better let some one in that could do a job in the right way.

A TAXPAYER.

The Esquimalt Council last night decided to investigate possible danger in the acute angle at the corner of Park Terrace and Granville Avenue. R. G. Humphreys, in a letter received at the meeting, suggested a serious risk to traffic might be removed by rounding the corner.

New York Giants Are Crowding Pittsburgh

Sports Mirror

By PETE SALLAWAY

IT LOOKS like a Victoria year in British Columbia golf. Just when Vancouver critics were telling everybody the game was dying a natural death in the Capital City two players from this city rise up and capture the two amateur championships.

Mrs. E. Jackson started off the procession by taking the provincial women's title at Oak Bay several weeks ago, and on Monday at the Uplands Kenney Lawson registered as sweet a victory as has ever been witnessed on a local course to grab off the men's British Columbia crown.

All that remains now is the British Columbia open title, and with this year's championship to be played over the Oak Bay course, later in the summer, it is not improbable that the third crown will come to this city.

Russ Case, Vancouver, who dropped the amateur final to Lawson, is the present holder of the open title.

Lawson's victory was a far greater one than the majority of those who followed Monday's final realized. Kenney was forced out of the game for six weeks, during which time he never had a club in his hands, with an injured left arm, and only resumed play seven days before the opening of the championship.

After Friday's qualifying round the injured member continued to give him trouble. Lawson had another treatment on it and was able to go through the tournament, although it was not just right at any time. Walter Gravin, professional at Uplands, told the writer he had given Lawson a couple of lessons a few days before the championship got under way and the youngster was not hitting the ball right.

However, there is another hitch to the plans. The P.N.W. sectional qualifying round for the United States amateur to be played at Portland in August, is scheduled for Tacoma the day that the Canadian amateur opens in Ottawa.

Champions Only Two Games Back Of Loop Leaders

Whip Cincinnati 9 to 3 As Pirates Are Defeated By Brooklyn

Yanks Increase American Margin

The Pittsburgh Pirates began to cast a few anxious glances back over their shoulders today.

The Buccaneers, leading the National League race since the season started, didn't have any such worries as the Detroit Tigers, who were trying to recover from the shock of yesterday's serious injury to Manager Mickey Cochrane, but they had sufficient reason to peek at the New York Giants.

When Van Lingle Mungo, Brooklyn's bad boy, machine-gunned the Pirates into a 2 to 1 submission yesterday, it was the third straight setback for Pie Traynor's crew.

The Giants collected sixteen hits to rout the Cincinnati Reds, 9 to 3, and gain their fourth successive triumph. As a result the New Yorkers, edging past the idle St. Louis Cardinals, were only two games behind Pittsburgh.

Detroit's loss of Cochrane, whose skill was fractured by a pitched ball thrown by Bump Hadley, overshadowed their loss of a single game, 4 to 3, to the Yanks.

The Yankee powerhouse widened its first place advantage in the American League to two games as the Philadelphia Athletics lost a 4 to 2 decision to Cleveland Indians.

The Yanks' defeat of Detroit and Cleveland's victory over the A's left the last three teams closely bunched. The Tigers were third, a game and a half behind the Mackmen, and the Indians another half game back in fourth place.

The Boston Red Sox handed the St. Louis Browns their eighth defeat in nine starts, 4 to 2. Ted Lyons, spacing seven hits, led Chicago's White Sox to a 9 to 2 triumph.

The Chicago Cubs kept pace with the Giants in their pursuit of Pittsburgh by beating the Phillies, 9 to 3. The Phils got eight of their nine hits and all their runs off Bill Lee in the last four innings.

COAST LEAGUE Johnny Bassler, the Seattle Indians' new manager, whose hobby is raising flowers, today sought to cultivate a winning streak for his sixth place coast league baseball team.

The Indians opened in Seattle last night against the San Diego Padres with Johnny, who replaced Spencer Abbott, in charge for the first time. The home folks gave him a big hand and then his team, apparently from force of habit, went out to lose, 7 to 1. The Indians were limited to seven scattered hits by Howard Craghead.

Despite the loss, the Indians are expected to play a better brand of ball under Bassler, who has been playing professional baseball for twenty-six years.

Braddock Trains With Black Eye

James J. Braddock goes along with his training for his fifteen-round fight with Joe Louis, scheduled for Chicago, June 22. Left, Jim pounds the small bag, and have a look at that black eye. Below, the world heavyweight champion, right, boxes with Jack McCarthy of Boston.

The former stevedore is working long, hard hours at the Golfmore resort at Grand Beach, Mich., in order to be in condition for his first start since he won the heavyweight title from Max Baer two years ago.

Laundry Continues Triumphant March

Vines Wins Over Perry at Wembley

London, May 26.—Ellsworth Vines, lanky United States pro, defeated Fred Perry in the Briton's home debut as a professional tennis player at Wembley Stadium last night. The scores were 7-5, 6-8, 6-2, 4-6, 6-3.

New Clubhouse Is Discussed

Gorge Vale Golf Club Will Go Ahead With Plans For Structure; Name Directors

Plans for the construction of a new clubhouse were made at the annual meeting of the Gorge Vale Golf Club held last night at the clubhouse. A committee under the chairmanship of D. R. Hurdle was selected to go into details, including the securing of estimates.

Dr. D. M. Bailey was re-elected president with the following directors being named: J. D. Kissinger, H. Allen, A. T. Hunkin, O. H. Dorman, C. F. Banfield, A. J. Maynard and J. G. Smart.

Other committees were appointed as follows: Match, W. Marshall, D. R. Hurdle and O. A. Trickett; membership, W. Marshall, M. H. Barry, V. M. Gallon and R. T. Brindley; house, Dr. D. M. Bailey, Mrs. H. P. Hodges and Mrs. L. Silburn; committee for building of new clubhouse, D. R. Hurdle, V. T. Hill, J. D. Kissinger, H. H. Allen, A. J. Maynard and D. H. Anderson.

H. H. Allen was elected captain with V. M. Gallon as vice-captain. R. C. Field will be the auditor.

Doctors Battle to Save Mick Cochrane

Catcher-manager of Detroit Tigers in Serious Condition After Being "Beated" By Bump Hadley in Yesterday's Game With Yankees; Has Fractured Skull

New York, May 26.—Danger of infection of the sinuses caused added concern today to three physicians and surgeons sought to save the life of Gordon (Mickey) Cochrane, Detroit baseball manager, who was struck in the right temple by a ball thrown by Irving (Bump) Hadley in yesterday's game against the New York Yankees. He has a fractured skull.

Cochrane's condition was pronounced satisfactory in a bulletin issued today at St. Elizabeth's Hospital but the danger of infection was noted. Cochrane was struck in the fifth inning of yesterday's game. With the count three balls and two strikes, Hadley threw a high fast one. Cochrane attempted to duck but he appeared to fall in the path of the ball. He was knocked unconscious and carried to the dressing room on a stretcher and thence to the hospital.

Mrs. Cochrane took a plane from Detroit last night and arrived this morning. In Cochrane's last previous time at bat in the game, when the Yanks won 4 to 3, he had hit a home run.

Walter O. Briggs, Tiger owner, named Coach Del Baker acting manager of the team. Baker was manager last year when Cochrane was out of the game with illness.

Cochrane's injury is closest to a major league diamond fatality of this kind since another Yankee pitcher, Carl Mays, hit Ray Chapman, shortstop of the Cleveland Indians, at the Polo Grounds in 1920.

ANGLERS LAND FORTY TROUT

Party of Three Find Mouth of Campbell River Good Spot For Cutthroats

Taking advantage of the lengthy week-end holiday, a number of Victoria fishermen journeyed to up-island points after trout.

Harold Philbrook and Roger Montelth, accompanied by M. A. Wray, Lincolnshire, England, chose the mouth of Campbell River to cast their flies, which were silver-bodied teal and silver. Fishing those waters for two days they landed forty cutthroat specimens weighing as high as two and one-half pounds—and in the best of condition. They found the best fishing time to be from low tide and inwards.

The party reported that visitors have already filled Painter's Camp, headquarters of the famous tyse fishing grounds at Campbell River, although the tyse season does not start until about July.

Trolling the waters of Douglas's Lake with a brass and silver Tom Mack, Graham Harris, ardent local trout angler, secured a limit basket of fifteen fish on Saturday. Two visitors from Vancouver and another Victoria fisherman traveled to the Stamp River and hooked but two fish—the result of two days' fishing. They were big ones though, weighing three pounds.

ELIMINATIONS CONTINUED Anna Peden Takes Girls' High Jump at High School Sports Preview

Eliminations for the annual Victoria High School track and field meet on Friday continued yesterday afternoon as the girls' events got under way.

The senior high jump was carried through to a final. Anna Peden won first place with a jump of 4 feet 3 inches. Eva Mason was second with a jump of 4 feet and Jessie Scott with third with 3 feet 11 inches.

Results of yesterday's eliminations follow: Intermediate high jump—L. Victoria Lyle and Florence Kennedy tie, 4 feet 2 inches; Margaret Harknett 4 feet 1 inch. All three will be in the finals.

Senior broad jump—L. Lila Crowther 13 feet 11 inches; 2. Eva Mason 13 feet 3 inches; 3. Bernice Turner 13 feet 2 inches. All three will be in the finals.

BYRON NELSON IS MEDALIST

Slender Young Pro Captures Honors in P.G.A. Tourney With Score of 139

Pittsburgh, May 26.—Byron Nelson, shyest, thinnest and straightest of the golfing great, swung around the Field Club's course in 71 strokes yesterday to win the qualifying medal in the Twentieth Professional Golfers' Association championship.

His thirty-six-hole total was 139, five shots under par, and three ahead of Harry Cooper, who added a 70 yesterday to his 72 of Monday.

Winner of this year's Augusta Master's tournament, the twenty-five-year-old Nelson held obstinately to the lead while Paul Runyan finished with a 75.

This gave Runyan a total of 143 and put him in a third-place tie with Ky Laffoon and Harold (Jug) McSpaden.

Laffoon went around in 68 yesterday, tying the course record set Monday by Nelson and Runyan. McSpaden added a par 72 to his 71 of Monday.

Three other players were grouped at 145, Vic Ghezzi and Ed Dudley, who shot 72's, and Bill Melhorn, who shot 69.

CHRISTIAN FIFTH Neil Christian, Yakima, Wash., runner-up to Lawson Little in last winter's San Francisco match play championship, was in the fifth slot with rounds of 71 and 75.

One shot farther back came Jimmy Thomson, who shot a 69 yesterday; Sam Snead, with a par 72; Jimmy Hines, who soared to a 77; Lloyd Gulickson, who added a 76 to his 71, and Eddie Schultz, with rounds of 74 and 73.

DERBY FIELD IS ANNOUNCED

Twenty-two Final Acceptors For Classic at Epsom Downs Next Wednesday

London, May 26.—Le Ksar, Evremond St. Alary's French-bred favorite, was among the twenty-two final acceptors today for the Derby to be run next Wednesday at Epsom Downs.

The other twenty-one acceptors were Lord Astor's Cash Book, the second choice; William Woodward's Perifox, third in the betting; Ralph Straesburger's Le Bambino, Arthur Sainsbury's Battle Royal, W. Murray's Fairford, Lord Rosebery's Full Sail, F. Burgess's Frank Hals.

Marcel Bouscass's Goya II, Sir John Jarvis's Gainsborough Lass, B. D. Davis's Honquon, Lord Glanely's Inglefield, the Aga Khan's Le Grand Duc, Mrs. G. B. Miller's Midday Sun, H. E. Morris's Pascal, Sir Victor Sassoon's Renardo, Major J. S. Court's Solfro, Lord Derby's Snow Fall, Medwick, Cardinals, 28 11 39 47 423; Larry, Indians, 24 106 20 43 456; Hassett, Dodgers, 29 116 18 46 397; Anovich, Phillies, 26 117 18 46 393; Walker, Tigers, 26 120 27 47 392.

Doctors Battle to Save Mick Cochrane

Catcher-manager of Detroit Tigers in Serious Condition After Being "Beated" By Bump Hadley in Yesterday's Game With Yankees; Has Fractured Skull

New York, May 26.—Danger of infection of the sinuses caused added concern today to three physicians and surgeons sought to save the life of Gordon (Mickey) Cochrane, Detroit baseball manager, who was struck in the right temple by a ball thrown by Irving (Bump) Hadley in yesterday's game against the New York Yankees. He has a fractured skull.

Cochrane's condition was pronounced satisfactory in a bulletin issued today at St. Elizabeth's Hospital but the danger of infection was noted. Cochrane was struck in the fifth inning of yesterday's game. With the count three balls and two strikes, Hadley threw a high fast one. Cochrane attempted to duck but he appeared to fall in the path of the ball. He was knocked unconscious and carried to the dressing room on a stretcher and thence to the hospital.

Mrs. Cochrane took a plane from Detroit last night and arrived this morning. In Cochrane's last previous time at bat in the game, when the Yanks won 4 to 3, he had hit a home run.

Walter O. Briggs, Tiger owner, named Coach Del Baker acting manager of the team. Baker was manager last year when Cochrane was out of the game with illness.

Cochrane's injury is closest to a major league diamond fatality of this kind since another Yankee pitcher, Carl Mays, hit Ray Chapman, shortstop of the Cleveland Indians, at the Polo Grounds in 1920.

CROFTONS WIN ISLANDS GOLF

D. K. Crofton Men's Champion; Miss Denise Crofton Tops Women

Ganges.—D. K. Crofton and Miss Denise Crofton were the respective winners in the men's and women's sections of the annual Guit Islands golf championship played over the Salt Spring Island course during the holiday week-end.

Crofton defeated Stan Critchley 4 and 2 to win the men's crown and Miss Crofton defeated Miss Daisy Evans 6 and 3 to take the women's honors.

Qualifying scores in the men's event followed: D. K. Crofton 84, Col. F. M. Slater 85, D. G. Crofton 85, Stan Critchley 88, G. Shove 96, A. J. Shipley 97, F. Morris 97, L. V. Oswald 97, F. P. Penrose 99, V. Case-Morris 101, R. Akerman 104, A. W. Drake 106, W. Norton 106, R. Morris 108, N. W. Wilson 108, Captain Gurney 111, N. McElroy 111, G. West 111, W. A. McAfee 112, N. A. Howland 112, F. L. Scott 112, Col. A. B. Snow 114, Reg. Price 117.

The women's scores were: Mrs. W. P. Evans 105, Miss Denise Crofton 112, Miss Daisy Evans 116, Mrs. F. T. Speed 118, Mrs. G. Shove 118, Miss Shirley Wilson 119, Miss Doreen Crofton 123, Mrs. A. J. Shipley 123, Mrs. Charlesworth 126, Mrs. Elverson 131, Mrs. W. Norton 131, Miss Atkins 136, Mrs. N. McElroy 142.

From the offerings of Bond and Dewell, the winners secured eleven bingles. This included circuit smashes by Malcolm McBride and Erickson, the bags being loaded when the former got his hit in the second inning. Archie McBride, mound ace for the Longshoremen, allowed five hits.

Score by innings: North Saanich . . . 000020401-7; Painter's Bruins . . . 40002002-8; Batteries—Byers and Eckert; B. Simpson, Glendonning and Berry.

The Victoria Longshoremen trounced James Island 8 to 1 at Sidney. The freight jugglers went on an early batting spree and built up a fine lead. They were never in danger throughout.

The Standings

Pigeon Racing

The Victoria Racing Pigeon Club held its Castle Rock race over the week-end, an airline distance of 150 miles, fifty birds competing. The race was very close, seconds dividing the first three. The next race will be from Portland, an airline distance of 202 miles. Anyone interested in pigeon flying is asked to communicate with W. R. Tait, secretary, Belmont Avenue. Results follow:

R. Margison's Wild Swan . . . 4 58 49  
W. R. Tait's The Ghost . . . 4 58 45  
Sid Knott's Red Dancer . . . 4 59 19  
J. Bowcott's My Buddy . . . 5 1 1  
J. B. Stewart's Dandy D . . . 5 3 24

Richmond Takes Third Position

Vancouver, May 26.—Richmond Combines took over third place in the Inter-city Box Lacrosse League last night as they whipped the last-place Burrard squad 14 to 10.

## Tolley and Locke Are Both Beaten

Former Champion and South African Star Eliminated From British Amateur Golf in Stunning Upsets at Sandwich Today

Canadian Press

Sandwich, Kent, May 26.—Cyril Tolley and Arthur D'Arcy Locke, eighteen-year-old South African "golf machine," today were eliminated from the British amateur title hunt in the biggest upset produced by the current links battle to date.

Locke lost his magic putting touch and went down before Gordon Peters, Scotland, 3 and 2.

Tolley, England's "siege gun" and twice wearer of the crown, could not keep his thundering drives under control and the English champion, J. J. F. Pennick, measured him by 4 and 3.

As the rapidly-diminishing field plodded over the long Royal St. George's layout completing the second and third rounds of knockout match play, Eric Fiddian, a favored "home-bred," and two strong Americans, Art Chapman and Jack Levinson, progressed into the fourth round.

Fiddian was his usual steady self as he whipped G. D. Hannay, 4 and 3. Chapman had an easy time disposing of Eric Chambers, 5 and 4, but Levinson, who toured the out nine in a sensational 31 yesterday, had a bitter struggle before overcoming Lieut.-Col. J. T. C. Moore-Brabazon, elderly member of Parliament, one up.

## Canadian Heavy In Another Win

New York, May 26.—Oliver Shanks, promising young heavy-weight from Edmonton and Montreal last night knocked out Jack Thomas, 189-pound brawler from New York City in the first round of their scheduled six round bout.

It was the fifth consecutive victory for the former Canadian Olympic boxer who has scored since he invaded New York. Shanks entered the ring at 184 pounds.

Moore-Brabazon was away to a shaky start, but then gave Levinson a keen fight to the final green, where the American, holder of the New England amateur title, dropped a ten-footer for victory. Levinson had a medal 77, one less than the loser.

Locke, after a year of outstanding success, had been called by many to succeed Hector Thomson, the Scot who was forced by illness to leave the championship undefended. However, Locke flubbed two short putts on the first nine and turned one down to Peters. The South African missed another of a yard at the twelfth when he had a chance to square the match. Peters, an outstanding young star of Scotland, did not give Locke another opening.

Robert Sweeney, New York amateur who lived in London, entered the third round with a 5 and 4 triumph over Major W. H. H. Aitken, England. In their second round engagements this morning, Peters dropped Cyril Boulton easily by 6 and 5, while Locke was knocking out Alec Hill by 3 and 2.

A feature match of the second round was that in which Dale Boun eliminated a brother Briton, V. O. Bunn, 1 up.

P. A. Valentine of Southampton, N.Y., fell before Bromley Davenport, England, 1 up.

Los Angeles—Able Miller, 148, Los Angeles, stopped Perfecto Lopez, 141, Los Angeles (5).

## NEW YORK GIANTS ARE CROWDING PITTSBURGH

(Continued from page 11)

Chicago	5	10	0
Batteries—Passeau, Mulcahy and Wilson; Lee and Hartnett.

Syracuse	1	7	0
Baltimore	3	7	0
Batteries—Russell, Kolp and W. Campbell; Lohman and Grube.			

Jersey City	8	10	3
Newark	9	13	2
Batteries—Stiles, Veach and Redmond; Donald, Beggs and Rosar.			

## Polo Club Will Meet on June 1

A meeting will be held on June 1 at the home of B. Deane-Freeman, 816 Dunsmuir Road, at 8:30 o'clock for the purpose of organizing the Equine polo club for 1937. It is the intention of the club to defend the Vancouver Island perpetual challenge cup which was won by Equimall last season. Anyone interested

in polo may obtain information by telephoning G 1674.

San Francisco—Sandor Szabo, 220 Hungary, defeated Bill Hanson, 215, Salt Lake City, straight falls.

## DEBATE USE OF PARK DIAMOND

Efforts Made to Secure Beacon Hill Park Field For Charity Games

Once again the City Council last night turned its attention to the respective merits of charity baseball games or nicely turfed grass on that section of Beacon Hill Park where Bobel Mowatt and Bill Cox once gloried and drank deep of public plaudits and cloutery.

Alderman John A. Worthington said he had been asked by a number of persons as to when the park would be ready for these comedy games. The alderman asked the parks committee to reconsider its stand on the matter.

Alderman James Adam, chairman, stated the committee also wanted to see the games revived as soon as they could be staged without danger to the grass, but added his committee had acted upon the recommendation of the parks superintendent, who said the field would not be ready for use before next spring.

Alderman Stanley Okell said he intended to ask the parks committee to inspect the field again with the parks superintendent.

"I don't want to see the field ruined, but I do want to see the games resumed," he said.

Alderman Archie Willis also spoke highly in favor of the re-establishment of the free charity fixtures. It was the third season they had been kept off the grass, he noted.

Alderman Adam repeated his stand they should not play there this summer.

San Francisco—Sandor Szabo, 220 Hungary, defeated Bill Hanson, 215, Salt Lake City, straight falls.

## Racing Results

Bay Meadows, Cal., May 26.—Results of horse racing here yesterday follow:

First race—Six furlongs:			
Puako (Nevs)	\$10.00	\$2.50	\$4.40
Flagbearer (Tilden)	8.00	6.00	
Shasta Banner (Summers)	4.20		
Time, 1:13 2-5. Also ran: Boomstis, Flagtime, Chilla Lee, Teresina, Quick Look, Well Dressed, Willade, Enolue.			

Second race—Six furlongs:			
Bonouri (Sena)	\$8.00	\$4.40	\$3.00
Bosworth (Summers)	3.00	3.00	
San Leandro (Thompson)	4.40		
Time, 1:13 2-5. Also ran: Shasta Boy, Sporting Green, Sky Glare, Pentland, George Van.			

Third race—Six furlongs:			
Jack's Image (Thompson)	\$8.00	\$3.40	\$2.60
Quick Flight (Sena)	3.00	2.40	
High Tension (Miller)	4.40		
Time, 1:13. Also ran: Nahlili, Fore Glow, Tamalpais.			

Fourth race—One mile:			
High Haste (Leonard)	\$14.00	\$4.00	\$2.60
Little Kivy (Tilden)	7.00	4.40	
Sky Breeze (Miller)	2.20		
Time, 1:41. Also ran: Bubbling Mias, Macawita, Deodora Hills, Frisky Mias, Broadway Race, High American, Mirella, Gay Manners, Derrickman.			

Fifth race—One mile:			
Oriley (Pollard)	\$6.20	\$4.00	\$3.00
Bright Pam (Sena)	4.00	3.00	
Time, 1:40 3-5. Also ran: Orange Plume, MacLeod Breeze, Auman, Release, Alawitt, Peggy George, Drinkwater.			

Sixth race—Five furlongs:			
Floragins (Pollard)	\$18.20	\$7.00	\$4.60
Boss Martin (Miller)	8.60	4.40	
Bon Fume (Sena)	8.00		
Time, 1:00 4-5. Also ran: Jockids, Lavengro, Return Check, Table Stars, Mamma Lindy.			

Seventh race—One mile and one-sixteenth:			
Obstreperous (Shunk)	\$11.00	\$3.40	\$3.00
Woods (Webster)	12.00	5.00	
Bon Moon (Summers)	3.20		
Time, 1:47. Also ran: Crystal Image, Storm, Captain Gilbert, Closing Time, Barbadoes, The Wink, Cresta Run, Changing Ways.			

Eighth race—One mile and one-sixteenth:			
Belle's Last (Leonard)	\$22.00	\$12.00	\$7.00
Signal.			

## Let CHEMISTRY help you paint your home

AND REMEMBER, painting is cheaper than you think

It really is a job for experts to know what kind of paints to use for outside, inside, floors, and furniture. Canadian Industries Limited and its international affiliations have the greatest facilities for chemical research in the world. That is why on any painting job from the simplest to the most complicated you are safer with C-I-L Paints.

• C-I-L Floor-Porch-and-Dado Enamel is a good example of a paint specially designed by experts to be exactly right for the purpose. It resists longer the wear and tear and scuffing that porch floors naturally get. Your C-I-L dealer carries this sturdy paint!

THOUSANDS OF CANADIAN MOTORISTS ARE

# SAVING 4 WAYS

with

Watch for this sign

### SAVES CARBON SCRAPES

### SAVES GASOLINE

### SAVES OIL DRAINS

### SAVES MOTOR REPAIRS

It is 100% Pure paraffin-base. Gives you better lubrication plus freedom from carbon knocks!

FIRST, Triton motor oil saves on carbon scrapes and other upkeep expense caused by carbon. It actually cleans out carbon as you drive...forms so little new carbon that old carbon deposits burn, peel off, and blow out the exhaust. Thus it stops carbon knocks, gives smoother, more efficient operation.

SECOND, Triton saves on gasoline because it allows correct, advanced setting of spark—without carbon "ping." You get maximum power and efficiency from your motor—extra mileage from every tankful of gasoline.

THIRD, Triton saves on oil because it has extreme resistance to "breaking down" under operating conditions. It is a safe, full-bodied lubricant long after

most oils are worn out. You can run Triton longer with safety.

FOURTH, Triton saves on motor wear. Scores of truck and automobile fleet operators, who keep accurate cost records, report Triton lengthens the time between overhauls, minimizes repair work, means fewer valve grinds, longer engine life.

WHY TRITON DOES ALL THIS: Triton has these unusual qualities because it is Propane-Solvent refined, 100% PURE paraffin-base, 100% PURE lubricant—free from harmful carbon and sludge-forming, non-lubricating materials.

Try Triton next time you buy oil. Enjoy a better-running car. Save money! Over 500 stations in Western Canada sell Triton.

UNION OIL COMPANY OF CANADA, LTD.

100% PURE PARAFFIN-BASE

## Everything Thoroughly Proved and Thoroughly Dependable

POPULARITY is a pretty reliable proof of merit; and for most of the last several years, Chevrolet has led all cars in sales. . . . One reason for this popular preference for Chevrolet is dependability. Chevrolet is one car that stands up under the pounding of years of service over all roads and in all kinds of weather.

Take Chevrolet's new Turret Top Bodies by Fisher . . . they're Uni-steel constructed for permanent silence and permanent safety. Look at the famous Valve-in-Head engine, new this year in power and economy, but proved by years and years of owner experience. And so on, all through the car.

Only Chevrolet gives you all the best things of modern motoring at the lowest prices and with the lowest operating costs. . . . Along with priceless assurance that everything is thoroughly proved and thoroughly dependable. Low monthly payments on the General Motors Instalment Plan.

...for economical transportation

ADVERTISE IN THE TIMES

**Tourist Influx Is Above 1936**

More U.S. Visitors Arriving; Convention Starts Tomorrow

The Empress Hotel is already well into the swing of its tourist season business, and every day a larger proportion of the cars parked in the hotel driveway bear license plates of states across the border.

The influx of United States visitors is far greater than at this time last year, according to J. K. Hodges, manager of the hotel.

Today delegates from all parts of the Pacific Coast were beginning to arrive for the convention of the Pacific Coast Hardware Distributors' Association, which will open tomorrow.

HOLIDAY WEEK-END  
In addition Victoria hotel men are looking to an exceptionally busy time next week-end, with Memorial Day, a United States national holiday, falling on Monday.

Names on the Empress Hotel list today were fairly evenly divided between California, the Middle West and the eastern states.

Other registrations included M. C. Nelson, Minneapolis; Miss E. Hoyt, Rochester, N.Y.; G. D. Randle, Miss F. I. Clegg, S. Seelman, Olive M. Buglio, Mr. and Mrs. W. W. Forester and Miss J. Barton, all of Chicago; Miss C. Wheeler, Pine Bluff, Ark.; Mrs. C. L. Gross, Troy, N.Y., and Mrs. A. J. Van Riper, Arcola, N.J.

**SIX MONTHS FOR DRIVER**

James Scouler Given Term at Hard Labor as Result of March 30 Crash

Convicted on charges of negligent driving resulting in grievous bodily harm to Albert Woods in a car accident at the Pandora Avenue-Quadra Street intersection on March 30, James Scouler was sentenced to six months hard labor by Judge H. H. Shandley in County Court today.

Scouler entered a plea of guilty to the original charge of negligent driving as well as a second charge of similar nature implying wilful negligence.

Before passing sentence Judge Shandley said he was convinced of the guilt of the accused. Scouler was fortunate, he said, that he was not facing a manslaughter charge instead of the count on which he was committed.

After sentence, Scouler asked the term be made retroactive to the date on which he was incarcerated. The judge allowed the request, dating the term from April 5.

**MARKET NOTES**

Vancouver took the honor yesterday of receiving the first full carload of cantaloupes in the northwest this season, and part of the carload was shipped to Victoria last night. The cantaloupes will retail at 15 cents each, or two for 25 cents.

The first shipment of California green beans this year reached Victoria this morning. California peas and new potatoes are selling well.

Navel oranges are being cleaned up rapidly. Less than a carload is left here, and Valencia oranges will take over the market at the end of the week.

A shipment of Winesap apples was imported from Washington today. No stock remains in the Okanagan.

The price of celery advanced 25 cents a case this morning. A dump duty of 4-5 cent a pound on lettuce was also applied, which will restrict the market to local lettuce.

The butter market has a strong undertone, with prices firm in Montreal.

Members of the Army and Navy Veterans in Canada will pay a social visit to the Cowichan Branch of the Canadian Legion on June 2. Coaches will leave the unit headquarters, Wharf Street, at 5:45 o'clock on that evening. Those wishing to attend are asked to leave their names with the billiard-room steward.

**Here to Visit School Friends**

Heber Bunt of the editorial staff of The Montreal Star is a visitor to Victoria for a few days, calling on friends he made here when he attended McGill College classes, which were held in the old Victoria High School, now the Girls' Central School, twenty-five years ago.

Mr. Bunt flew west last week to attend funeral services for his mother, Mrs. W. C. Bunt, in Creston, and then came down to Victoria.

He went by train from Montreal to Detroit and took plane passage to Spokane, enrouteing there for Creston. While in Victoria Mr. Bunt is staying with his aunt, Mrs. S. Morrison, of 516 Trutch Street.

**Missile Hits Car Windshield**

A report that a bullet had ricocheted into the windshield of a taxi driving along Esquimalt Road about 9 o'clock yesterday evening was being investigated today by Esquimalt police.

The driver of the taxi was Thomas Starmer, who reported the missile struck the windshield as he was approaching the intersection of Head Street. It made a small hole in the glass but was deflected away.

Chief H. W. Pecknold said while the mark indicated it had been made by a bullet, it was possible it may have been caused by a flying stone.

**NEWS IN BRIEF**

The usual men's luncheon in connection with the Oxford Group Movement will be held at Spencer's dining-room tomorrow at noon.

Theft of \$2 in coppers and a quantity of cigarettes from R. W. Colbert's store, 3074 Shelbourne Street, was reported to city police yesterday.

Accounts for April totaling \$11,994.24 were ordered paid by the Esquimalt Council last night on submission by the finance committee.

The District Council of the Canadian Legion will hold a meeting in the clubrooms of the Naval Veterans' Branch on Friday night at 8 o'clock.

Mr. and Mrs. Bernard Walker of Kingston Street have received word that their son, Forester, has obtained his Ph.D. in chemistry at McGill University.

City police today were investigating reports of vandalism at South Park School, where it was reported several windows were broken over the Empire Day holiday.

The Truck Drivers' and Helpers' Union, local 101, will hold a meeting tomorrow night, at 8 o'clock, in the Trades and Labor Hall, Government and Broughton Streets.

The Men's Parish Guild will meet in the guild room, Memorial Hall, tomorrow evening at 8 o'clock, when an address will be given on "The West Coast and Its Roads." The meeting will be open to all men interested.

The Normal Model School, Richmond Road, will hold "open house" tomorrow afternoon, from 1:30 to 4 o'clock. Pupils and teachers will be glad to welcome parents and former pupils.

A permit for \$3,000 alterations to the Palm Dairies Ltd. plant at 930 North Park Street was issued today by the city building inspector's department. J. R. Kennedy is contractor and J. Graham Johnson architect for the work.

A thief who snatched a purse from Miss Olive Kibble, 3316 Glasgow Avenue, yesterday evening, dropped it while running away before he had an opportunity to seize the contents, according to a police report. Miss Kibble reported her purse was seized as she approached her home shortly after midnight this morning.

The number of candidates in the British Columbia general election was reduced today to 186, after the withdrawal of Frank Moore, Independent in Grand Forks-Greenwood riding. Mr. Moore exercised a right conferred by the B.C. Elections Act and notified the electoral officers he will not stand. This left four candidates contesting the seat held in the last house by Dougald MacPherson, Liberal, who is not running again.

Some of Victoria's best-known artists will take part in the variety programme at the Pro Patria Branch of the Canadian Legion tomorrow night, when the branch stages its monster Jubilee smooch in the clubrooms, 625 Courtney Street, starting at 8:15 o'clock. Mayor Andrew McGavin and other members of the City Council will attend as well as Sir Percy Lake. The Fifth (B.C.) Coast Brigade orchestra, under the direction of Bandmaster A. Prescott, will render selections. Those on the programme are: Jack Townsend, R. Smith, Len Foster, Buster Brown, Owen Pettigrew, Jack Collins, Ernie Impett and C. Patrick Smith.

**Men Escape As Truck Overturns**

Frank Miller and Harry Greenwood, two Saanich firemen, narrowly escaped serious injury yesterday evening when the fire engine on which they were proceeding to a fire turned completely over, pinning Miller underneath.

The men were responding to a call to Cedar Street to a chimney fire. As the engine rounded Richmond Road to turn into Cedar Street, it turned over. Greenwood was thrown clear, but Miller, the driver, was not.

Fortunately both escaped with only minor hurts and were able to quell the small fire by removing ladders and using a domestic hose at the scene of the fire which was only 300 feet from where the accident occurred.

**Here to Visit School Friends**

Heber Bunt of the editorial staff of The Montreal Star is a visitor to Victoria for a few days, calling on friends he made here when he attended McGill College classes, which were held in the old Victoria High School, now the Girls' Central School, twenty-five years ago.

He went by train from Montreal to Detroit and took plane passage to Spokane, enrouteing there for Creston. While in Victoria Mr. Bunt is staying with his aunt, Mrs. S. Morrison, of 516 Trutch Street.

**Missile Hits Car Windshield**

A report that a bullet had ricocheted into the windshield of a taxi driving along Esquimalt Road about 9 o'clock yesterday evening was being investigated today by Esquimalt police.

The driver of the taxi was Thomas Starmer, who reported the missile struck the windshield as he was approaching the intersection of Head Street. It made a small hole in the glass but was deflected away.

Chief H. W. Pecknold said while the mark indicated it had been made by a bullet, it was possible it may have been caused by a flying stone.

**Street Attack Investigated**

Woman Says Hindu Seized Her and Threw Her Into Car on Fisgard Street

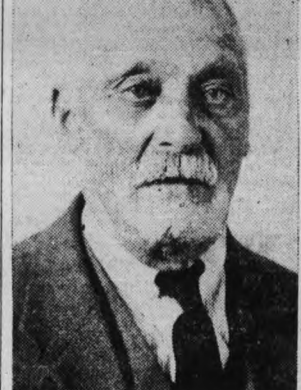

Police today were investigating an unusual report that a Victoria woman had been seized by a Hindu, thrown into a car, driven around city streets, then managed to escape before her captor's destination was reached.

Miss R. J. Hutcheson, 3810 Quadra Street, reported she was walking on Fisgard Street, near Blanshard Street, about 1 o'clock in the morning when a Hindu drew alongside in a green car.

Without warning, Miss Hutcheson said, the Hindu jumped out, grabbed her and threw her into the machine. She said he had then driven along Fisgard and Quadra Streets, turned into North Park Street, where she was able to make her escape by jumping out of the car.

In leaving in haste, she reported she left a purse containing \$3.53 and personal belongings in the car.

Police investigated a report that a Hindu had been rented a "drive yourself" car during the evening, but a check-up failed to prove any connection with the case.

**Ex-serviceman**

J. F. GRAY who celebrated his seventy-third birthday Monday, served as batman for Lord Baden-Powell in Afghanistan in 1880, during the native disturbances there. For a year and eight months his company slept on the ground, carrying only an eight-pound kit, one blanket and one ground sheet each. Mr. Gray came to Victoria from Sheffield eighteen years ago, and lives now at 802 Blanshard Street.

**LIBERALS PLAN GRAND RALLY**

Senator Farris to Be Speaker With Pattullo and Hart Saturday; Other Meetings

Plans for a big Liberal wind-up election rally at the Royal Victoria Theatre Saturday night were announced today.

Arrangements are in hand, it was stated, to make it the biggest meeting of the election campaign in Victoria.

Senator J. W. de B. Farris, K.C., recognized as one of the greatest legal minds in Canada on constitutional questions, will be the chief speaker, with Premier Pattullo and Hon. John Hart, Minister of Finance.

Liberal candidates from Victoria, Byron Johnson, Mrs. Nancy Hodges and Alderman W. T. Straith, with Mr. Hart, and from the three surrounding districts: N. W. Whitaker, K.C., Saanich; C. E. Whitely-Guthrie, Esquimalt; and Alexander McDonald, The Islands, will attend. The chairman will be C. H. O'Halloran, K.C.

Two other parties have already announced their arrangements for the campaign wind-up. The Conservatives have the Empire Theatre for Saturday night and the C.C.F. will hold forth in the City Temple, with J. S. Woodsworth, M.P., the national leader, as chief speaker.

During the rest of this week ward meetings will be held in different parts of the city.

Tonight in Oaklands Hall, adjoining Oaklands School, the Liberal candidates will speak at a meeting presided over by James Farris. The Conservatives have two meetings listed in Sir James Douglas School and Margaret Jenkins School. The C.C.F. will speak at George Jay School.

The campaign in Saanich tonight will be featured by the appearance of Hon. John Hart, Minister of Finance, at Marigold Hall in support of Mr. Whitaker.

T. Guy Sheppard, the C.C.F. candidate, will be heard at the Little Arctic, Cordova Bay.

The Social Credit Party has a meeting listed at Lake Hill, with W. Kuhl, M.P., as the main speaker in support of Major A. H. Jukes.

**DIED AT LADYSMITH**

Ladysmith. — Thomas Kerr, one of the first men to settle in Ladysmith, died here Monday evening at the age of sixty-seven years. Born in West Calder, Scotland, Mr. Kerr as a young boy went to the United States. He died arrived on Vancouver Island in 1894 from Colorado. He was predeceased by his wife many years ago, and is survived by two sons, Thomas of Vancouver, and Robert of Trail, and three daughters: Mrs. James Andrews, Seattle; Mrs. Hugh Thompson, Trail, and Mrs. Lawrence Cloke, Ladysmith. Five brothers also survive.

**Obituary****ARTHUR WHITFIELD**

Funeral services were held on Tuesday afternoon for Arthur Whitfield, Canon H. W. G. Stocken conducted the service, during which the hymns "Abide With Me" and "Lead, Kindly Light" were sung. Interment was in Colwood Burial Park. The following acted as pallbearers: P. Pitt, C. Brown, A. York and L. Peatt.

**THOMAS FOSTER**

The funeral services for Thomas Foster will be held in Hayward's B.C. Funeral Chapel tomorrow morning at 10:30 o'clock, after which the remains will be forwarded to Vancouver for cremation.

**ANNA J. BUNT**

Mrs. Anna Jennings Bunt, for twenty-five years a resident of Victoria, died last week while on a visit to her son at Creston, B.C. She made her home at 3025 Albany Road and left for the interior three weeks ago.

Born in Mulmur, Ontario, seventy-nine years ago, Mrs. Bunt lived for many years on the prairies, where her husband, the late Rev. W. C. Bunt, was a prominent Methodist minister. She had been an active member of the congregation of Centennial Church, whose organizations will miss her cheerfully-given help at all times. She was particularly active with the Women's Missionary Society. Surviving are two sons, Heber of Montreal and Frank in Creston; one daughter, Mrs. G. R. Fisher, in Waukegan, Wis.; one sister, Mrs. S. Morrison, 516 Trutch Street, and six grandchildren. The funeral took place last Friday in Creston and interment was made beside her husband, who died in 1918.

**JOHN RUTTER WILLIAMS**

Funeral services for John Rutter Williams, 1049 View Street, who succumbed in the Royal Jubilee Hospital Monday evening from injuries sustained in a motor accident on January 30, will be held tomorrow afternoon in the Sands Mortuary at 3:30 o'clock. Rev. G. E. V. Bolger will officiate. Interment will be in the family plot at Ross Bay Cemetery. Mr. Williams, who was a cousin of Alderman Edward Williams, was a member of Lodge Alexandra No. 116, Sons of England.

**BEN SKELTON PASSES AWAY**

Well-known Metchosin Resident Dies, Aged Eighty-seven

There passed away at the family residence, "Arathwaite," Metchosin, yesterday, Ben Skelton, at the age of eighty-seven years. Mr. Skelton was born at Pindus House, Mount Pelion, Greece, in 1850, and arrived in Victoria in 1907, going to Metchosin in 1908, where he had since resided.

He was a justice of the peace for the Metchosin district from 1913 to the present time, and took an active part in the affairs of the community, especially in matters relating to the Anglican Church, having held the office of churchwarden for a number of years. He also filled the position of trustee and chairman to the Metchosin school board.

He married Mary Anne Bourne of West Hoathly, Sussex, in 1874, and celebrated his diamond wedding October 12, 1934. He is survived by his widow, three sons, Claude Skelton of Ringwood, Australia; Rupert Skelton, Vancouver, and Hugh P. Skelton, Yountville, California; two daughters, Mrs. P. O. Gray, William Head, and Mrs. Gerald Blandy at the family residence, and eight grandchildren.

The funeral will be held from Hayward's B.C. Funeral Co. on Saturday afternoon at 2 o'clock proceeding to St. Mary's Church Metchosin, where Rev. H. M. Bolton will conduct the services at 3 o'clock. Interment will be in the family plot in Metchosin cemetery. It is requested that no flowers be sent.

**Liberal Rally Held at Ganges**

Ganges.—The Liberal rally, held in the Mahon Hall, Ganges, on Saturday evening, was attended by an enthusiastic audience of over 100 persons. W. M. Mout presided over the meeting and introduced the speaker of the evening, T. Reid, federal member for New Westminster.

Mr. Macdonald, Liberal candidate for the Island constituency, briefly expressed his pleasure at being present and at seeing so many old friends in attendance. He was followed by Byron Johnson, who after briefly outlining the Liberal platform, spoke of the work done in each department of the government.

Mr. Reid, who also eulogized the work done in the various governmental departments, spoke chiefly on freight rates.

Liberals on the island are looking forward with much interest to a meeting which will be held on May 31 in the Mahon Hall, when M. B. Jackson, K.C., will be the speaker.

**Debt Troubles Must Be Faced**

J. Needham, M.P., Speaks in Support of Saanich Social Credit Nominee

Canada must tackle its debt situation, nationally, provincially and municipally, Joseph Needham, M.P., for The Battlefords, declared at a meeting last night in Alex's Hall, Burnside, in support of Major A. H. Jukes, Social Credit candidate in Saanich.

Liberals and Conservatives, he maintained were not facing the real issue of the country. They were riding on the same train, going to the same destination and getting the same result. All they did was change engines occasionally.

Mr. Needham maintained that interest was increasing at the same rate as new capital, which meant that Canada was making no progress. Major Jukes said the last few years had clearly illustrated how the present debt structure led to a centralization of finance, with the municipalities depending on the provinces and the provinces depending on the Dominion.

He maintained that the people should not be confused with such secondary issues as health insurance and reduction in the size of the Legislature which were trifling as compared to the primary issue of money and credit.

Strictly speaking, the Social Credit Party was not a political unit, but an educational force, endeavoring to impress upon all parties the urgency of dealing with the debt structure, he said.

Saanich, B.C.Drawings and specifications may be seen  
at the office of the undersigned.  
The lowest or any tender not neces-  
sarily accepted.C. ELPORD WATKINS, Architect,  
320-21 Central Building.

## NASAL HYGIENE

Get your nose healthy and enjoy freedom  
from Catarrh, Colds, Grippe, New British  
Medical invention, "Nostoline," ends infection  
at once. "Nostoline" stops stuffiness,  
irritation, congestion and nasal discharge.  
Clears head, opens breathing passages,  
relieves Head Aches and Catarrhal Deaf-  
ness. 50c. all druggists. It must be  
"NOSTOLINE."Dog Barks And  
Rescue FollowsOttawa, May 26.—The barking of a  
ferryman's dog early yesterday played a  
prominent part in the rescue of  
two Ottawa men from drowning in the  
Ottawa River.J. T. E. Lemoine and Gerry Gillis  
were in a home-made motorboat  
which stalled in the river, and when  
Lemoine tried to start the engine it  
blew up, throwing both men into the  
water. David Seguin, operator of a  
ferry four miles east of here, awakened  
by the barking of his dog, put  
out in a rowboat and found Gillis  
clinging to an air cushion, while Le-  
moine had swum to shore.

## OUT OUR WAY

BOWL HIM OUT, AND

Telford Predicts  
Disaster Coming

Gas Price to Increase

4 Cents This Year, Says  
C.C.F. LeaderRevelstoke, B.C., May 26.—An in-  
crease of four cents in the price of  
gasoline before Christmas and a world  
financial crisis next year were pre-  
dicted Monday night by Dr. Lyle Tel-  
ford.The leader of the Co-operative  
Commonwealth Federation Party in  
British Columbia made his predic-  
tions here in the course of a cam-  
paign on behalf of the C.C.F. in the  
coming provincial general election.Dr. Telford said there was more  
unemployment in the province than  
ever before and criticized the govern-  
ment for its handling of the situation.He declared the government had  
misrepresented its financial condi-  
tions and declared it could not borrow  
in the usual money markets.The C.C.F. leader advocated sup-  
port of health insurance but did not  
favor the act passed a year ago and  
which electors will be asked to vote  
on in a plebiscite at the election.

## THE WEATHER

Victoria, 5 a.m., May 26.—Pressure has  
risen on the coast and rain has been  
general in northern British Columbia, while  
fine warm weather continues over the  
interior of this province. Fine, moderately  
warm weather prevails on the coast.Reports

ture.British-French  
Forces For PeaceLondon, May 26.—The British navy,  
with the French army and the com-  
bined air forces of the two countries,  
will impose an effective deterrent on  
anyone who dares to wage war  
against either country. Rt. Hon.  
Winston Churchill declared in an address  
to the Commonwealth Society yester-  
day.The strength of Russia, he  
thought, would provide another great  
counterpoise to those who might at-  
tempt to disturb the peace of Euro-  
pe.There were those who advocated  
Britain should turn her back on Euro-  
pe, but "even if we were separated  
by 2,000 miles of ocean from the Con-  
tinent such a policy would be igno-  
minious.""We proceed," Mr. Churchill de-  
clared, "on the basis that a strong  
Britain, well armed, sober-minded  
and clear-eyed, will play its part for  
peace, resolved with other armed na-  
tions in the building up of combined  
resistance to an aggressor."The second feature will be "Atlas  
Bulldog Drummond," starring Jack  
Hulbert.John McCormack, world-famous  
tenor, sings in "Wings of the Morn-  
ing." Twentieth Century Fox release  
produced entirely in natural Techni-  
color, which is now at the Atlas  
Theatre. Annabella, Henry Fonda  
and Leslie Banks are starred in the  
film, in which Steve Donoghue, noted  
jockey, rides to victory in an English  
Derby.

ATLAS THEATRE

Charles Starrett, stalwart screen  
player, now appearing in Peter B.  
Kyne's "Secret Patrol," a Columbia  
Picture, showing today at the Plaza  
Theatre, enjoys nothing better on the  
screen than a thrilling adventure  
story, because it duplicates to some  
extent the thrills and excitement he  
actually experienced before he be-  
came an actor. Following college,  
Starrett worked in a lumber camp,  
as a laborer in the wheat fields of  
South Dakota and a boxer.KEPT IN BED BY  
BACKACHENow—Thanks to Kruschen  
—Not a Trace of PainThis woman's life was made a misery  
by the pains of backache. Then her  
father, who had proved the value of  
Kruschen himself, advised her to try  
it. She did, and here is her grateful  
letter:"For years I have been suffering  
with pains in the back. At times I  
had to stay in bed for days. I could  
not walk, or even stand. My father  
was using Kruschen Salts for the same  
thing. He, too, used to suffer badly,  
and Kruschen relieved him. He ad-  
vised me to try it. I did so, and did  
not get a pain for three years. I then  
neglected my daily dose for about six  
months, and two months ago the  
pain returned. I tried another remedy  
—it failed, so I again started  
Kruschen. Now I have not a trace of  
pain, thanks to Kruschen."(Mrs.) H. R.  
Pains in the back are usually due  
to impurities in the blood—waste  
products which the internal organs  
are failing to expel from the system.  
The numerous salts in Kruschen as-  
sist in stimulating these organs to  
healthy, normal activity, and so help  
them to keep the system free from  
harmful waste matter. (Advt.)

Progress of the Telephone

III—BELLS AND WIRES  
In early days of the telephone, the operators, or "centrals," were men. This is the custom even today in certain places abroad, but most centrals of the present are women.  
New York, New Haven and Philadelphia were among the pioneer cities in starting telephone exchanges.

New York's Broadway in early days.

At first there were no bells to ring in order to call a person to the phone. Instead the disc in a transmitter was tapped with a pencil or other small object. This caused rather sharp noises at the other end of the line. When the tapping was against the centre, it often bent the disc out of shape, so it was no longer fit for use.  
To overcome this trouble, Thomas Watson invented a little hammer which would strike the edge of the diaphragm, instead of the centre. This came to be known as "Watson's thumper."  
Later came the bell, which was rung by electricity. Old-fashioned telephones had a device for ringing central. During my boyhood I lived in a rural district, and was able to "call up" certain friends without giving central the number. Two long rings and a short one would bring a member of a certain family to the telephone, because their house was on our "line." Here and there the old custom of ringing central still exists.  
As the use of the telephone grew, the number of wires and telephone poles also grew. This led to the streets of large cities being thickly lined with poles and with almost countless wires. Many persons felt that this hurt the appearance of their cities. They asked to have the poles taken down and the wires placed underground. The change had been made in a great number of cities. In rural districts the wires almost always are strung from one pole to another.  
Copper has been found the most useful metal for making wires. Certain other metals will carry electric waves as well, or better, but copper seems to be the best of the low-cost metals.  
Each subscriber is provided with a pair of wires for his telephone. These pairs of wires lead into cables, and hundreds of them run along together. Sometimes a cable contains more than 1,800 pairs of wires. Paper between them keeps the electric current from jumping from one to another.

Storage Building Ready For Tenant

Completely renovated to meet the requirements of the Department of National Defence, the old Worsted Mills Building near the Outer Wharf will be ready for occupancy at the end of the week. It was learned from officials of the city building inspector's department today.  
The structure has been given a new roof and reinforced with concrete which will carry heavy trucking loads. A special large entrance has been constructed on the Montreal Street side of the building to admit trucks, and the floor, under its new construction, has been lowered to give the building greater interior height. Water pipes and fire stand pipes have been rearranged and other repairs have been effected at a total cost, including the roof and floor, of approximately \$4,500.

HOROSCOPE

"The stars incline, but do not compel."  
THURSDAY, MAY 27, 1937  
This is a mixed day in planetary influences, according to astrology. It is more fortunate for women than for men. In the early hours girls should use their best energies, especially those who are in schools and colleges.  
The rule is favorable to constructive and progressive ideas among women. It encourages executive ability which be manifested later in supreme service for the public welfare.  
Warning is given that both men and women may exercise poor judgment today, particularly where human relations are involved. This is not a time to enter into new business or professional connections. Legal

Study Your Income Source  
Here's Tip to Prospective Brides

WHEN GIRLS contemplate matrimony they seldom give thought to the occupation of the prospective bridegroom beyond hoping that it will bring in enough money to enable them to have fresh water waves, a little automobile and good hats. Yet, in reality, nothing is a more important factor in the success or failure of any marriage than the way in which the husband makes the dough.

Every wife finds to her surprise that she has committed bigamy and that she is just as much married to her husband's business or profession as she is to him. Hence it behooves every maiden to consider long and prayerfully how she is going to like a lifetime of being Mrs. Green Grocer or Mrs. Banker, for her happiness is going to depend on whether she is as enthusiastic and interested about her husband's work as he is, or whether it gets upon her nerves.

The importance of this matter has recently been vividly called to attention by the wife of a famous golf professional, who has divorced him because she could not stand being a golf widow any longer. Doubtless the eyes of thousands of other women have turned longingly towards Reno when they found themselves united to shops or farms, or running a poor second in their husbands' affections for the stock market.

So when a girl picks out a husband she should pick out his occupation at the same time, and consider that with due reference to her own temperament. There differ in life partners, as in all else. There are plenty of women who like to be married on the installment plan, so to speak, who would enjoy having husbands who were not always under foot. Such as these need never hesitate to marry sailors, explorers, adventurers and men who follow roving pursuits.

No men are more run after by women than preachers. No woman can resist the man who talks to her about her soul. Besides, there is something romantic and appealing about a young clergyman that makes a girl feel that she needs some one to take care of him and help bear his burdens, and that she is the one to do it.

But before she takes him for better or worse, and the church along with him, she does well to have a heart-to-heart session with herself and decide if she has the tact of a diplomat, the patience of Job, the meekness of Patient Griselda and the skin of a rhinoceros; how she is going to like being bossed and criticized by all the old sisters and have all the young sisters spend hours telling her husband about their doubts and fears and religious convictions, which always require the more discussion the handsomer the preacher is.

Next come doctors in the point of eligibility. Girls always regard them as a good matrimonial bet, and so they are as a class. But again, whether or not a doctor makes a desirable husband depends upon the wife's point of view. If she is philosophical and common-sensical, and realizes that the more feminine patients he has the bigger the bank roll, he is a good choice. But if she is jealous and goes green-eyed every time she thinks of his holding the hands of neurotic women in pink silk and lace negligees, she had better steer clear of the medical profession.

Next come lawyers. A grand profession to which a woman can be proud to be connected by marriage. But lawyers have to have secrets, and if they get anywhere they are bound to spend much time in study. A curious woman or a gossip should pass them by. So should a woman who wants her husband to step out with her every evening and who looks upon a book as a deadly rival.

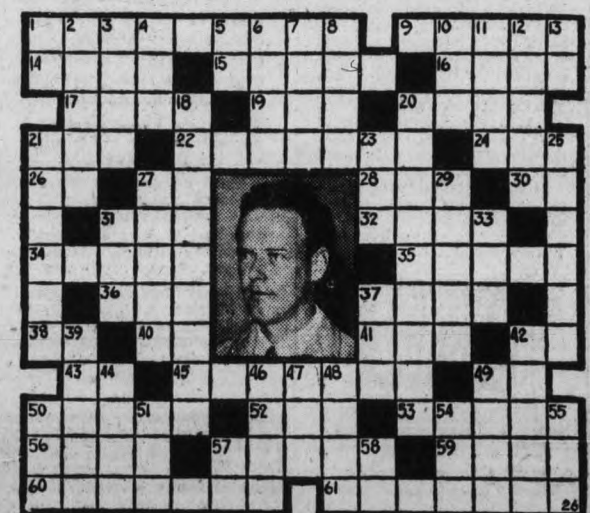

That actors and crooners and singers are dangerous matrimonial risks, as a general thing, is amply proven by the number of divorces they get. Doubtless this is due to their profession. No normal woman can ever really believe that her husband is play-acting when he is pouring out words of devotion to a beautiful blonde and clutching her to his manly bosom. When it comes to witnessing him giving a long drawn-out forty-footage kiss she just grabs her hat and goes back to Mother.

Taking it by and large, probably the safest occupation for a husband to have is just to be a plain business man. He deals with facts and figures, instead of romance and passion and emotions, and that keeps his feet on the ground. His calling does not bring him in too much contact with women nor inspire their adulation and flattery. He is accustomed to balancing profit against loss, and he is satisfied with a wife who strikes a good general average. Above all, when he makes a contract he sticks to it, and that makes him a good man to tie to.

Copyright, Ledger Syndicate

Persons whose birthdate it is has the augury of a year of remarkable experiences which may be exceedingly fortunate. Persons born on this day probably will be lovers of beauty and brains. Subjects of this sign may appear easy-going, but they are able to accomplish much by little effort.  
George Washington Doane, Protestant Episcopal bishop, was born on this day, 1799. Others who have celebrated it as a birthday include: Gen. George, and Mrs. Amelia Bloomer, reformer, 1818. (Copyright, McClure Newspaper Syndicate)

## C.P.R. to Operate New Lakes Service

Washington, May 26.—The Canadian Pacific Railway Company applied to the Interstate Commerce Commission today for permission to install a steamship service into United States Great Lakes ports.

The road proposes to provide services between Port McNicoll, Ont., and Milwaukee and Chicago.

The application said the carrier had been advised the Great Lakes Transit Corporation, formerly handling this lake service, would wholly discontinue operation of its vessels in Lake Michigan trade.

The carrier owns two steamships having a combined cargo capacity of about 4,000 tons.

### TO IMPROVE AIRPORT

Winnipeg, May 26.—Plans for \$150,000 in improvements to the Stevenson Field airport, with the City of Winnipeg expending \$20,000 and the other financing met by the municipality of St. James and the Dominion Government, were approved yesterday by the City Council.

## LOCAL YACHTS WENT CRUISING

Commodore Ohrt in Tamara  
Led Party of Yachtsmen to  
San Juan Island

Led by the recently elected commodore, F. M. Ohrt and Mrs. Ohrt, in Tamara, a large group of Royal Victoria Yacht Club members and their friends enjoyed a cruise at the holiday week-end to San Juan Island. It was the first cruise of the season, and because everyone had such a happy time there is every indication other cruises of the summer will be exceptionally popular.

The yachts left Cadboro Bay Sunday morning, cruised leisurely across the Gulf, past numerous small islands and spent Sunday evening at Roche Harbor. Monday they paid a call at Garrison Bay on the way back to Victoria.

Yachts taking part were Mavis, A. Baker; Idle Hour, Vice-Commodore E. P. Ashe; Barbara G., C. L. Campbell; Yolanda, Rear-Commodore Eric Pepper; Golondrina, C. L. Bosdet; Pema, H. M. Young; Cho-cho-san, Lawrence A. Genge; Richmond II, F. C. Holden; West Wind, T. G. Denny; Elmsham, M. A. Darling; Minto, C. Percival; Buccanner, Dr. J. C. Foote.

Harry Barnes in Minerva went to Clam Bay, on Kuper Island, at the week-end, and there met a large group of Vancouver yachtsmen.

Herbert Gann in Kismet won the first of the dinghy series for the Devonian Cup Saturday afternoon over the Cadboro Bay course. Second was Onaway, Peter Hincks; third, Bandicoot, G. A. Heal; fourth, Penguin, E. P. Ashe, and fifth, Helen, John Todd.

There was no starboard race for the first of the series for the Longstrech Cup.

Commodore Ohrt acted as officer of the day, with Ben Temple as official starter, and J. C. Acland, the club's new secretary as timekeeper.

### WIVES MEET HUSBANDS

New York, May 26.—The Hamburg-American liner Deutschland, commanded by Capt. Eberhard Friedel, has arrived from Hamburg, Southampton and Cherbourg. She brought three women for reunions with their husbands here—two the wives of captains, Mrs. Eleonore Pruss, wife of Capt. Max Pruss of the Hindenburg, and Mrs. Dorothea Kieff, wife of Capt. Kieff of the S. Reliance, and the third, Mrs. Annale Klockner, the wife of R. Klockner, chief engineer of the ship, which returned from a world cruise yesterday.

## Harbor Board Head Is Here

Grain Port Prospects Poor,  
Says R. O. Campney, in  
Victoria Today

R. O. Campney, Ottawa, chairman of the National Harbors Board, arrived at the Empress Hotel last night for a routine business visit to Victoria. He will return to Vancouver tonight.

Ship movements through Churchill and other ports whose chief business is grain will be extremely limited this year owing to the shortness of stocks, Mr. Campney said this morning.

He had no comment to make on the harbor dues question. The matter, he said, was entirely outside his department, being administered by the Federal Department of Transport.

Vancouver is the only Pacific coast port administered by the National Harbors Board. Other harbors which it controls are St. John, Halifax, Quebec, Montreal, Three Rivers, Churchill on Hudson Bay, Prescott and Coburn at the head of the Welland Canal.

Mr. Campney was in Vancouver ten days before coming here and will be there for a few more days before returning to his office in Ottawa.

"Victoria is a great place to visit," he commented.

## HEAVY DAMAGE AT NAVY YARD

U.S. Cruiser and Tanker  
Hurriedly Moved as Blaze  
Rages at Mare Island

Vallejo, Calif., May 26.—United States naval officers today sought the origin of a \$200,000 fire which for a time threatened the Mare Island Navy Yard, the cruiser Chicago and the tanker Kanawha.

Civil and naval fire fighters stopped the flames last night after they had destroyed a paint storage building and hundreds of gallons of linseed oil and turpentine. Two sailors were injured combating the flames. E. G. Schoenig suffered a badly burned hand and William Russell received a back injury when he fell from a ladder.

The cruiser and tanker were moved by tugs from wharves nearest the fire. More than twenty other naval ships, including several new destroyers and a submarine, were not endangered. Fire fighters stopped the fire before it could reach a building containing 10,000 gallons of alcohol.

### DR. LUCY CLEMENS DIES

Nanaimo.—Following a lengthy illness which had confined her to hospital for some time, Dr. Lucy Clemens, wife of Dr. Wilbur Clemens, director of the Pacific Biological Station at Departure Bay, passed away in Nanaimo Hospital on Monday, Dr. Clemens was well known in Nanaimo and up until the time of her illness had taken an active part in the community's social affairs. She was vice-president of the Women's Canadian Club and a member of the University Women's Club. She was the author of many scientific papers, taking an active part in the work in which her husband was engaged. She is survived by one son, Alvin, a daughter, and a brother, Melrose, in Massachusetts.

## Around the Docks

Governor of French Indo-  
China Due Here in Morn-  
ing — Editor of Liberty  
Also Aboard Ss. President  
McKinley — Big Cargoes  
and Passengers Aboard  
Two Ships Bound Here  
From Europe — Pres-  
byterian Manse Goes  
North Aboard Windjam-  
mer—Work Boat Crosses  
Canada by Rail—Princess  
Alice at Esquimalt for  
Overhaul

Alexandre Varenne, retiring  
governor of French Indo-China,  
will reach Victoria tomorrow  
morning from the Orient aboard  
the American Mail liner President  
McKinley. He will cross North  
America and sail from the At-  
lantic seaboard for Paris to report  
to his government, receive a new  
appointment and enjoy furlough  
at his chateau in the French  
countryside.

Fulton J. Oursler, editor-in-chief  
of Liberty Magazine, will also be  
arriving tomorrow morning by the  
President McKinley, accompanied by  
Mrs. Oursler. The couple sailed from  
Victoria April 17 by the Ss. Empress  
of Canada in search of "copy" in the  
Hawaiian Islands and the countries  
of the Orient.

### LIGHT NOT BURNING

Mariners are advised today the  
unwatched acetylene light on Noble  
Island, Goletas Channel, is reported  
not burning, but will be attended to  
as soon as possible.

### IN ESQUIMALT

The Ss. Princess Alice is at the  
Yarrow plant in Esquimalt Harbor  
for seasonal overhaul and the in-  
stallation of a new hawse pipe. She  
will be put into drydock during the  
week for underwater cleaning and  
painting, preparatory to entering the  
Alaska service for the summer months.

### HAVE BIG CARGOES

A. P. Moffat, local agent for the  
Royal Mail Lines, was advising today  
the Ss. Lochkatrine, having left San  
Francisco Monday evening at 6 o'clock,  
would reach the Orient Docks tomor-  
row morning from the United King-  
dom-Continental. She is bringing 200  
tons of freight for local discharge and  
several passengers.

The Ss. Lochmonar left San Fran-  
cisco twelve hours later, but because  
of a call at Seattle, will not arrive here  
until Friday morning. She is bring-  
ing close to 600 tons of freight for  
Victoria and also has a full list of  
European travelers and Californians  
tourists.

### GOING TO ARCTIC

The little windjammer, C. S. Holmes,  
in charge of youthful Capt. John  
Backland—a veteran of the Far North  
despite his youth—will pass in the  
distance off Victoria late tomorrow  
afternoon on her way to Cape Flattery,  
where she will set her sails and head  
north for another adventure into the  
Arctic. The voyage will be the fif-  
teenth for the ship and the tenth for  
her skipper, who succeeded his father  
in command.

The Holmes will carry a manse for  
the Presbyterian church at Wainwright.  
The church was taken north last  
year, "knocked down." The ship will  
also carry a garage for the Presby-  
terian tractor at Point Barrow, in  
addition to 1,200 tons of trading sup-  
plies.

### LUMBER SHIPS

The freighter, Benvenue is expected  
to join the Thistlegarth at the Ogden  
Point piers tomorrow morning. She  
will leave Port Alberni this evening  
and take about 400,000 feet of lumber  
at this port for the United Kingdom.  
The Thistlegarth, which is loading  
1,700,000 feet, will be here until Fri-  
day.

Henry King left early this morning  
for Cowichan Bay to look after the  
British motorship Anglo-Canadian,  
which will be at the up-island port  
two days loading for the British Isles.

### CROSSED CANADA

The first large boat to be sent across  
Canada by rail has reached Vancouver.  
She was built by the Ditchburn Com-  
pany at Muskoka, is forty-two feet in  
length and will be used by Stuart  
Cameron and Company in connection  
with the work on the First Narrows  
bridge. She has 100 horsepower en-  
gines and her twin screws develop fif-  
teen knots. The Canadian National  
Railways brought her across the con-  
tinent.

### STEERING GEAR FAULTY

Portland, May 26.—The steamer  
Iowa, which sank off Peacock Spit in  
January of last year with the loss of  
thirty-four lives, had had trouble  
with its electric steering equipment  
several times before the wreck. John  
A. F. Johnson, ex-chief engineer of  
the vessel, testified this week at a  
hearing of death and cargo claims  
growing out of the wreck.

## Pilots' Lookout

Mana (American), passed Victoria,  
bound Fraser River, at midnight.  
Samson (Panamanian), left William  
Head, bound Chemainus, 12.20 a.m.

for Orient ports, Saturday, 5.30 p.m.

Empress of Canada (British), due  
Victoria, from Orient ports and  
Hawaii, June 2.

## RAIL CRASH ACCIDENTAL

Jury at Revelstoke, How-  
ever, Advises Further Pre-  
cautions For Workmen

Revelstoke, May 26.—A coroner's  
jury inquiring into the collision last  
Saturday between a speeder and a  
pusher engine on the Canadian Paci-  
fic resulted in two deaths yesterday re-  
turned a verdict of accidental death  
with no blame attached to anyone.

A rider was added recommending  
"further precautions be made in re-  
spect to workmen working on the  
main line."

"J. J. 'Rory' McDonald was in-  
stantly killed and his brother, Dan,  
fatally injured when the speeder  
carrying sixteen telegraph-line work-  
ers crashed into the engine near  
Illecillewaet, east of here. Five others  
were injured and the remainder un-  
hurt.

The McDonald brothers were  
natives of Nova Scotia, Dan from  
Gloucester and his brother from North  
Sydney, Cape Breton. Dan is sur-  
vived by a widow at Inverness, N.S.

The engineer and fireman of the  
pusher stated at the inquest the  
engine whistle had been sounded be-  
fore reaching the sharp curve where  
the accident occurred.

Forbes McGregor, foreman of the  
work crew, said this was possible  
without the speeder passengers hear-  
ing it, due to noise of the speeder  
motor and the Illecillewaet River,  
which thunders through Illecillewaet  
Canyon at that point.

McGregor gave his evidence in a  
statement from his hospital cot here  
where he was taken with the other  
four injured men after the accident.

First aid was given the injured by  
the crew of the Dutton Construction  
Company which is building a diversion  
line in the neighborhood of Illecillewaet.

### Sopwith Works

On Two Yachts

Bristol, R.I., May 26.—Endeavor I,  
T. O. M. Sopwith's possible challenger  
for the America's Cup, arrived at the  
Herreshoff Shipyard yesterday to be  
put in racing trim.

Shipyard officials said work would  
be started at once on stripping the  
British yacht on her ocean-going  
spars and sails, after which she would  
be fitted with her lofty racing rig  
for the preliminary trial races begin-  
ning off Newport next week. The  
cup race starts July 31.

The yacht's mate, Endeavor II,  
which reached America several days  
ago, was here when the unsuccessful  
challenger of 1934 arrived. After the  
two yachts are put in racing trim they  
will engage in a series of races to  
allow Sopwith to select the faster  
vessel.

### Moonrise, Moonset

Time of moonrise and moonset (Pacific  
standard time) at Victoria, B.C., for the  
month of May, 1937.

## Stowaway Says "Never Again"

Lad From Windsor, Ontario,  
Well Treated Though On  
Atlantic Crossing

Windsor, Ont., May 26.—Never  
again will sixteen-year-old Jean Paul  
Matta "steal a ride" on a boat. Three  
days in a cold lifeboat without food  
or water cured him.

Jean Paul was home here today  
with a story of hunger, thirst and  
cold on the high seas after an at-  
tempt to see the Coronation by stow-  
ing away on a liner. Three days out  
of Montreal he gave himself up to  
officers on the ship and eventually  
was brought back to Canada.

When the youth slipped aboard  
the Antonia at Montreal on the right  
of April 28 he had fifty cents in his  
pocket. Today, after traveling an ad-  
venturous 7,000 miles, he still had  
the fifty cents.

Telling of his experiences, Jean  
Paul said he hid in a lifeboat after  
untying the canvas cover. Next day,  
as the vessel got under way, sailors  
tied up the canvas. For three days  
and nights he remained in his  
prison. "It was freezing cold," he said.

Finally, he said, he could stand  
hunger and cold no longer and man-  
aged to unscrew the canvas coverings  
and leave the lifeboat for walks about  
the ship. He took a handful of
